Mill Injuries Claim Life Of Midland Man

James Baker, 61, Dies At Hospital Following Accident

James Kenneth Baker, 61, of 516 Penn Ave., Midland, died Thursday at Rochester General Hospital from injuries received earlier while at work at the Midland Works of the Crucible Steel Co.

He received internal injuries and a fractured pelvis when the fork-lift tractor he was operating overturned while unloading lumber. The accident occurred at 8:15 a. m. yesterday.

The Beaver County coroner, Dr. John W. Colavincenzo, ruled the death "an industrial fatality." It was the county's sixth this year.

Mr. Baker had been employed at the Midland Works for 20 years and had been a tractor driver for 16 years in the cold strip department.

He was born Aug. 30, 1905, in Perryopolis, Pa., and had resided in Midland for 20 years. He belonged to the Perryopolis Methodist Church.

He leaves his widow, Mrs. Mildred Kay Baker, at home; his parents, Mr. and Mrs. Frederick Baker of Perryopolis; a brother, Charles E. Baker of Waynesburg, Pa.; 10 sisters, Mrs. Harry (Beatrice) Williams of Brownsville, Pa., Mrs. Robert (Irene) Eicher of Conneville, Pa., Mrs. Alice Granger of Uniontown, Pa., Mrs. Amanda Terry of Perryopolis, Mrs. David (Kathryn) Browning of (Turn to INJURIES, Page 5)

Queen, Picnic Parade Slated At Wellsville

The annual Labor Day program of the Wellsville Jaycees this weekend will feature a concert, community picnic, dance and selection of a "Miss Wellsville Jaycee" queen.

The picnic will be held Monday afternoon at Hammond Park, with a parade at 6 featuring all the contestants in the queen contest.

A program will follow at Beacom Memorial gymnasium, during which the queen will be crowned.

A concert will be held Sunday evening at 7 at the post office parking lot. Monday's picnic will begin at noon and will feature a baby contest, children's games and other contests.

The Wellsville High School band will lead the parade. Several musical and marching units have entered. The queen will be crowned about 10.

Miss Bonnie Walker reigned in 1965. The contest is open to girls from 16 to 25. Those interested should contact Ralph Fusco, Jaycee president.

Jim Saraco is the general chairman and Frank Fusco is in charge of the parade.

The community event is held each year by the Jaycees in an effort to keep area residents off the crowded highways over the long holiday weekend.

After Racial Violence

Dayton's Quiet; Troops On Duty

DAYTON, Ohio (AP)—Quiet prevailed today under the watchful eyes of Ohio National Guardsmen and police in Dayton's racially-troubled west side where one man was killed and more than a score injured on Thursday.

The going-to-work period passed without any major incident.

Thousands of workers in some of Dayton's major industrial plants must travel through the west side en route to their jobs. Traffic was moving smoothly, although some private cars were being checked.

Police Col. C. W. Martz reported "everything is normal. It's just like last Sunday morning so far as we're concerned."

Street cleaning crews were on the job early to clear up debris.

A total of 134 persons had been arrested during the course of sporadic rioting. Most of them were charged with disorderly conduct, carrying concealed weapons, drunkenness or inciting to riot.

The violence started after a Negro man was shot from a car police said was driven by whites. The man died later in a hospital.

Gangs then roamed to the west side and even to the edge of the downtown district, smashing windows and looting stores. There were no fires of any consequence.

The violence caused early closing of many stores, restaurants and cafes in the downtown district. Department stores ordinarily are open until 9 p.m. on Thursday.

Meanwhile, Dayton's state (Turn to INJURIES, Page 5)

Lancaster's Mayor Grumbles

Dayton Mayor Says LBJ Should Be Safe On Visit

By The Associated Press
Dayton's mayor says President Johnson should be safe there on his Labor Day visit to Ohio.

Meanwhile, a Lancaster ex-mayor is rumbling over that city's upcoming visit to that city.

On the heels of Johnson's official announcement Thursday that he would make holiday speeches in the two Ohio communities, came comment from Mayor Dave Hall of Dayton and former mayor Clarence Miller.

A major racial outbreak was at its height in Dayton when Johnson said he would fly to the Gem City after appearances in Detroit and Battle Creek, Mich., Monday.

Montgomery County Sheriff Bernard Keiter at Dayton promptly recommended that the Johnson visit be canceled.

"Unless the circumstances change drastically," the sheriff said, "I don't think the President should come into a place like this."

But with National Guard troops having helped police restore order later, Mayor Hall said he could see "no danger whatsoever" to the President.

Navy Studies Alternate To TFX Airplane

Option Is To Place Sweep Wing On Its Present Phantom

WASHINGTON (AP)—The Navy's aware of the tide of controversy again mounting in Congress over its F111B fighter, is considering an alternative to its version of the TFX warplane.

The suggested option is to place a variable-sweep wing on the Navy's present first-line fighter, the F4 Phantom now being used in Viet Nam, to improve its capability. The swing-wing would be extended for subsonic flight but could be pulled near the sides of the fuselage to limit air resistance at supersonic speeds.

Sources give no indication that the Navy thinks there is much of a future for this kind of substitute for fleet defense purposes — but the idea could attract considerable discussion if congressional disfavor with the F111B continues to mount.

The revamped Phantom jet apparently would not include the Phoenix missile system being developed for the bigger, more powerful F111B. This missile is capable of scanning and tracking enemy aircraft approaching fleet vessels, and then knocking down several of them at the same time from 50 miles out.

The F111B project is having problems: The plane is too heavy, it costs nearly three times more than the originally estimated \$2.9 million, and its development schedule is lagging by as much as 18 months.

Sen. John L. McClellan, D-Ark., chairman of the Senate Permanent Investigations subcommittee, has announced he will reopen a probe into the TFX case. McClellan's subcommittee held a series of widely publicized hearings in 1963 after Secretary of Defense Robert S. McNamara awarded the multi-billion-dollar TFX contract to the General Dynamics Corp. despite a lower bid from the Boeing Aircraft Co.

Contractor Continues City's Street Program

The problem of interference created earlier in the week by parked cars now has been virtually eliminated and a contracting firm is moving ahead rapidly with seal-coating of secondary streets in the annual low-cost summer surfacing program. Safety-Service Director Robert E. Vodrey said today.

Crews of the Ohio Valley Paving Co. of St. Clairsville virtually have completed work in the Maplewood, North Side and downtown areas and should shift their equipment soon to the Pleasant Heights district, the director said. East End streets were seal-coated Monday.

Earlier in the week, the crews said they were hampered by autos left parked on streets due for seal-coating. The public is complying pretty generally with repeated requests to keep cars clear of the streets, the director said.

As Step To Peace Talks North Viet Remains Firm On Stand For U.S. Troop Pullout

Two Nations Urge Troops Leave Viet

France, Cambodia Point To Gravity Of Asian Situation

PHNOM PENH, Cambodia (AP)—France and Cambodia today called for evacuation of all foreign troops from Vietnamese territory. The call came in a joint declaration ending President Charles de Gaulle's official visit to this Southeast Asian kingdom.

The joint declaration, signed by De Gaulle and Prince Norodom Sihanouk, Cambodian chief of state, in the royal palace, said France and Cambodia "solemnly call attention to the extreme gravity of the situation in Southeast Asia."

The declaration, signed by De Gaulle and Prince Norodom Sihanouk, Cambodian chief of state, in the royal palace, said France and Cambodia "solemnly call attention to the extreme gravity of the situation in Southeast Asia."

The two countries appealed for "rigorous observance" of the Geneva accords of 1954 — that is, the respect of Viet Nam's independence and sovereignty and no interference in interior affairs.

"At the same time all acts of war must cease on Vietnamese territory, which implies that any foreign power which has introduced troops there first of all make the engagement to retire them in a set length of time and to cease all intervention," the communique added.

The declaration contained some of the wording of De Gaulle's speech Thursday, but in his speech, De Gaulle spoke only of American military intervention in Viet Nam and said the United States must agree to pull out its troops before negotiation to end the war is possible.

The declaration, signed in a ceremony at the foot of the crimson and gold Cambodian throne, added that an international agreement should be reached to assure guaranteed and controlled neutrality for Viet Nam. This should be done, the statement added, by "agreement by all Vietnamese."

Shortly before, North Viet Nam in effect rejected De Gaulle's suggestion that peace talks might begin if the United States agreed to a timetable for pulling out its military forces.

Premier Pham Van Dong of North Viet Nam in a speech in Hanoi late Thursday declared his country will not attend a peace conference until the United States withdraws its troops from South Viet Nam, recognizes the Viet Cong's National Liberation Front, and halts the war.

1 Killed, 3 Injured In Pennsy Pike Crash

BEAVER FALLS, Pa. (AP)—A head-on collision of two cars near the Beaver Falls interchange of the Pennsylvania Turnpike has killed a teen-age boy and injured three other persons.

Killed Thursday was John Griffith, 15, of Darien, Conn.

Griffith was riding in a car operated by his mother, Mrs. Jeanne Griffith, 52. Mrs. Griffith and her daughter, Laura, 17, were hospitalized.

Mrs. Eva Newman, 19, of Cleveland, Ohio, the other driver, also was hospitalized. State police said her car crossed the medial strip. She was alone.

2 Jets Lost In Attack

U.S. Planes Cut Rails Between Hanoi, Peking

SAIGON, South Viet Nam (AP)—Six flights of U.S. Air Force jets cut the northwest rail line between Hanoi and Red China in 10 places Thursday, a U.S. spokesman announced, but the loss of two more planes pushed the toll of the air war against North Viet Nam past the 350 mark.

The Air Force announced that an F104 Starfighter and an A1E Skyraider were shot down by ground fire during the raids. This brought to 351 the number of U.S. planes reported lost over North Viet Nam.

Both pilots were listed as missing.

Viet Cong mines exploded in a village voting office and under a civilian bus today in an upsurge of five terrorist attacks close to Saigon. A Vietnamese spokesman said 12 persons were killed and 10 wounded in the attack on the bus.

The rash of attacks, some clearly aimed at disrupting the Sept. 11 national elections, overshadowed the ground war, which continued in a lull.

In the first military shakeup since the dismissal of a corps commander touched off a revolt in the northern provinces last spring, the South Vietnamese military junta fired its navy commander, Capt. Tran Van Phan. However, the dismissal was not expected to have political repercussions.

The junta told the U.S. Command it replaced Phan with his former chief of staff, Cmdr. Nguyen Van Anh, because Phan had failed to protect the shipping channels to Saigon.

However, informants said the Vietnamese navy had been under close watch by the junta recently because of reports that navy ships were being illegally used to carry nonmilitary cargo.

The airwar over North Viet Nam also was slowed by bad weather. Torrential rains limited U.S. pilots 70 missions Thursday.

Minimum Wage Accord Reached

WASHINGTON (AP)—A substantial victory for the AFL-CIO.

House Republican delegates refused to sign the conference report and said they would make a fight on the compromise version when it comes up in the House, probably next week.

Rep. William H. Ayres, R-Ohio, said he would try to get the House to return the measure to conference with instructions to insist on a 1969 date for the \$1.60 minimum. The House originally voted that date, but the Senate had fixed the 1968 starting time.

U.N. Ailments Peril Survival

U.S. Heads Drive In Bid To Woo U Thant To Stay

By WILLIAM L. RYAN
UNITED NATIONS, N.Y. (AP)—The United States headed a drive today to persuade U Thant to remain as United Nations secretary-general. But the Burmese diplomat's statement declining a new term brought the organization once again face to face with the ailments which threaten its survival.

Small nations, along with the big ones, went into huddles on the prospects for a draft of Thant. The atmosphere suggested that one man's decision had confronted the organization with a new crisis.

Thant made clear his position: No one man should be considered indispensable and no secretary-general should serve more than a single five-year term. Possibly he stressed these points to underscore one of the variety of basic weaknesses in the U.N. structure.

In his statement Thursday declining another term, the statesman indicated his frustrations and deep disillusion after five years of struggling with enormous problems of the cold war. He had at his disposal an organization which often could do little more than look on helplessly at the confrontation of the world's giants.

Thant, 57, had the problems without the machinery to tackle them. He heads an organization saddled with debt, some of whose members are unwilling to meet their obligations toward peacekeeping operations. It is an organization often used as a forum for propaganda by nations with their own particular axes to grind. Often, the United Nations is turned into an arena

Declaration Seen 'Snub' To DeGaulle

Premier Reasserts Determination In Speech At Hanoi

TOKYO (AP)—North Viet Nam today reasserted its determination not to negotiate for peace until U.S. troops are withdrawn from Viet Nam.

The declaration in effect rejected French President Charles de Gaulle's suggestion Thursday that peace talks might begin if the United States agreed to a timetable for pulling out its forces.

North Vietnamese Premier Pham Van Dong said his country will not sit down at the conference table until the United States withdraws its troops, recognizes the Viet Cong's National Liberation Front and halts "the war of aggression."

The premier repeated North Viet Nam's terms in a speech in Hanoi Thursday on the 21st anniversary of the founding of the Communist state. The text was broadcast today by the North Vietnamese news agency.

Following a meeting with a North Vietnamese diplomat, De Gaulle told a rally in Phnom Penh, Cambodia, that peace negotiations were impossible until the United States agreed "to repatriate its forces at an appropriate and fixed period of time."

It was thought De Gaulle perhaps was reflecting a softening in Hanoi's line conveyed to him by the Communist representative. But the distribution of Pham's speech 24 hours later indicated no change in North Viet Nam's attitude.

U.S. officials in Washington called De Gaulle's proposal unrealistic since it did not include a corresponding timetable for ending North Viet Nam's drive against the South.

4-H's Take High Honors At State Fair

LISBON — Four Columbiana County 4-H'ers won "outstanding of the day" honors Tuesday at the Ohio State Fair.

Top ratings went to: Karen Cook, 15, daughter of Mr. and Mrs. Orel Cook of Leetonia R. D. 2, for a school dress.

Vicki Cobourn, 19, daughter, Mr. and Mrs. Burr Cobourn of Columbiana R. D. 2, tailored clothing.

Janice Seever, 14, daughter of Mr. and Mrs. Earl Seever of East Rochester R. D. 1, and David Weillheim, 15, son of Mr. and Mrs. Edward Wilhelm of Salem R. D. 3, both for "outside the home" demonstrations.

Ann Overturf, county extension agent for home economics, said judging results are not yet available for "inside the home" demonstrations. The county had four entries in that competition.

High Court Directs Higher Prices On Milk

PITTSBURGH (AP)—The State Supreme Court directed today that higher consumer milk prices go into effect at once in the Pittsburgh marketing area.

In a 5-2 decision the Supreme Court threw out objections to the price increases by the city of Pittsburgh and Allegheny County, and vacated a stay order of Justice Michael A. Musmanno.

terms of federal assistance." And that is what had Miller grumbling.

"Let us not have the results of local initiative and perseverance held over the heads of the citizens of the 10th District as a reward for supporting the Administration team," Miller said.

He figured that "the one benefit the 10th District might derive from the visit... would be the announcement of a large federal grant for the area," probably \$2.7 million for the Wellston water and sewer system.

The water project, Miller noted, is the basis for creation of a new Ralston-Purina plant in Jackson County to employ up to 1,500.

"This makes the project far too vital to be handed out like a Labor Day present from Washington" with Moeller announcing it "while standing arm-in-arm with President Johnson," the GOP candidate said.

day, about half the usual number.

In the raids on the Red River rail line to Red China, pilots reported destroying or damaging four bridges and four freight cars along the main supply route.

The American pilots also hit at oil and supply depots and transport facilities in the Hanoi and Haiphong area and in North Viet Nam's southern Panhandle. They claimed damage to seven oil storage depots and said they destroyed or damaged 17 trucks 14 barges and four anti-aircraft sites.

In the most daring of the terrorist attacks, a group of Viet Cong walked into a village voting office at Tan Thoi, 30 miles northwest of Saigon, and asked for voting information. They left behind a mine which wounded three village councilors and five other civilians.

The bus was mined 24 miles northeast of Saigon. The 12 dead included eight Vietnamese civilians and four militiamen.

Three other attacks were reported within an 18-mile radius of the capital.

Guerrillas attacked a militia outpost 12 miles northwest of Saigon and another outpost a mile farther away. A Vietnamese spokesman said several militiamen were killed and wounded in the attacks.

Casualties on the Viet Cong side were reported from the third attack. A U.S. spokesman said a company of Vietnamese soldiers and two companies of the U.S. 25th Infantry Division killed 22 more Viet Cong and captured 22 more 18 miles northwest of Saigon.

U.S. B52 bombers struck at a Viet Cong troop concentration and headquarters area 35 miles southeast of Saigon.

In air action over South Viet Nam Thursday, American pilots flew 339 sorties, destroying or damaging 273 Viet Cong huts and other structures and 19 bunkers and trenches, a spokesman said. South Vietnamese pilots flew 197 sorties.

The U.S. military command announced the termination of Operation Amarillo by the 1st Infantry Division. It began Aug. 23 in an area 28 miles north of Saigon.

The division reported killing 102 enemy soldiers and capturing six while sustaining light casualties.

of the amount of damage caused by the roving bands.

Dayton has a Negro population of about 70,000. About 15,000 live in the West Side area where the disorder was centered.

It is a largely rundown section through which thousands of workers must travel on their way to work at industrial plants.

Some buses carrying white workers were stoned during the course of the day.

A trip through the neighborhood showed many stores with smashed windows boarded up.

Later the street and adjacent blocks were sealed off but they were expected to be open to work-bound traffic today.

There were reports of trouble in the West Side area again Thursday night but nothing of a serious nature developed, police said.

Two Negro juveniles were shot and wounded but police said they were attempting to break into a residence "beyond the riot area."

Mayor Hall said he saw "no indication of outside agitation" in the disturbances. He said the National Guard would remain in Dayton "as long as we need them."

More Racial Violence Hits Jackson, Mich.

JACKSON, Mich. (AP) — Scattered incidents of violence hit Jackson Thursday night, the second straight night of trouble here.

Although the night's major clash matched a carload of whites against a carload of Negroes, city officials insisted that neither night's incidents were racial.

However, State Police Cpl. Bernard Schlenhuber of the Jackson Post told newsmen the trouble was "definitely racial" and called it a "wide-open riot."

He told newsmen there had been fighting among gangs of whites and Negroes and that stores, restaurants and police cruisers had been stoned.

Jackson Police Sgt. Paul Rand told newsmen, "They're working in small groups, throwing stones. It's spotty, they're scattered and move fast."

Schlenhuber could not be reached today, but other state troopers said he got his information by telephone from the Jackson police when they called for help.

Jackson Police Capt. Orlo Abbott said one police car was hit by a rock.

Motorist Fined \$50 In Salineville Case

SALINEVILLE — Michael Jones of Summitville was fined \$50 and costs on a charge of reckless operation at a hearing Thursday night before Mayor Stanley Fitch.

Jones was cited July 15 after his car struck Dr. Claude McCullough of Salineville while he was walking along Main St.

Jones appeared for a hearing last week and the case was continued until last night. Jones pleaded innocent.

Short-Change Case Results In \$50 Fine

A man was fined \$50 and costs at a hearing Thursday before Mayor William Daugherty of Wellsville on a short-change charge.

Lewis Coleman, who gave an address in Washington, D. C., was arrested Wednesday night after he had balked a waitress at an ice cream establishment on Wells Ave.

Police said Coleman ordered a small purchase and then began switching change and bills, leaving the waitress short.

She discovered the loss and quickly notified police, who picked up Coleman nearby.

ASCS chairman, vice chairman and third regular members automatically become delegates to the convention where farmers are elected to fill committee vacancies. The county convention will be held at the ASCS Office on the second floor of the Federal Building in Beaver.

Committees are in charge of local administration of national programs such as conservation,

Driver Fined On 4 Charges

EAST PALESTINE — Leroy Sutherin of Gas Tax Rd., Lisbon, was fined on four separate charges at a hearing Thursday in County Court before Judge Herbert Arman.

Sutherin, cited by the State Highway Patrol following an accident, was fined \$100 and costs and sentenced to three days in jail for drunk driving. His driving privileges were suspended for a year and he was placed on a one-year probation.

Sutherin also was fined \$5 and costs each on charges of driving left of center, driving an unsafe vehicle and intoxication.

William Shamp of West Point entered a no contest plea to a charge of assault and battery filed by Jack Shields of East Liverpool R.D. 2. He was found guilty and fined \$100 and costs and sentenced to 30 days in jail, with \$50 of the fine and all the jail sentence suspended. Shamp was placed on a one-year probation.

James Taylor of Wellsville R.D. 1 pleaded no contest to a charge of trespassing filed by Thurman Mayfield of Wellsville. He was found guilty and fined \$10 and costs and sentenced to 10 days in jail.

George Heller of Rogers requested counsel when he appeared on a charge of assault and battery filed by Elizabeth Miller, also of Rogers. The case was continued to Sept. 8.

Car And Helicopter Involved In Collision

AUGUSTA, Ga. (AP) — A car and a helicopter were involved in a collision Thursday.

The incident occurred in a field where the helicopter had been parked for the night.

Johnny A. Williams, driver of the car, said he swerved to avoid striking a dog and lost control of the car.

Realistic Speed Limits Needed

State and national officials are intensifying efforts to cut the slaughter and mutilation occurring daily on the nation's highways.

Areas such as auto safety, driver alertness, strict enforcement, and driver training are being probed deeply to uncover some solution that will reduce the tragic toll.

Officials are enthusiastic, but realistic. They know there is no easy, ready-made answer. They do not expect to wipe out the problem, just to cut it to a minimum. They, of course, are allowing for the unknown factor, human error.

One area that has been missed by those focusing the spotlight is speed limits.

It is time that a realistic study of some procedures regulating speed be made.

In some cases, existing speed laws invite violation and increase the possibility of human error. Usually, these instances involve improved highways that are capable of handling a faster flow of traffic, but the speed limit remains the same as for the unimproved road.

Driving in Ohio at night, one can be limited to 50 m.p.h. on the open highway and then when

traveling in highly-congested residential areas at the fringe of a city be slowed to 45 m.p.h. This is a mere five m.p.h. difference in speed, but a vastly different set of conditions.

On some new stretches of four-lane highways, 50 and 60 m.p.h. limits have been posted and the careful, law-abiding citizen practically is blown off the road by the faster traffic flow.

One of the past slogans for a safety campaign declared "Speed Kills."

Technically, it should have read: "Unreasonable Speed Kills." This then would include any speed that is too fast to be safe for existing conditions.

Slow driving also is a hazard and minimum speed limits need consideration in revising speed control methods.

A study of speed laws would come up with proposals for both raising and lowering some limits depending on varying highway condition factors.

Realistic speed limits couple with strict enforcement and continued driver vigilance would do much to keep the nation's senseless highway killings at a minimum.

How Did We Get This Way?

Magazine readers have been previewing competitive designs for a U.S. supersonic transport plane of the future. The Lockheed and Boeing companies both have been buying advertising space to show their entries in one of the strangest races of this curious era.

It is a race for aerial speed for speed's sake—a race not only between competing companies in the United States but between the United States and a British-French coalition and between this coalition and the Soviet Union.

And because competition always forces competitors to come to common terms, the United States is using public funds to finance a commercial transport bid, the same as socialist Russia and socialist France and Britain.

Federal Aviation Agency, in charge of the race to see which companies will build the U.S. entry—Lockheed or Boeing for the plane,

General Electric or Pratt & Whitney for the engines—has stepped out of its authorized role as monitor of airways safety to promote a commercial enterprise at public cost.

The aviation industry needs no supersonic transport at this time. It is still paying for the subsonic transports it is operating profitably.

Had it not been for the shaky threat of a British-French supersonic plane, the United States never would have been sucked into the venture. Certainly its own aviation companies wouldn't have touched it on their own initiative.

Even with a pledge of a 90-10 split, which promises to become a 90-10 split, with the private companies reluctantly putting up the short side of the money, U.S. taxpayers are about to be clipped for at least \$2 billion dollars to keep up with something the socialist regimes of Britain, France and Russia cannot afford to do, either.

Ability To Do The Work

Once the schools have reopened, no one will fret about teacher shortages. But the shortages will still be there, both in the 17 states that have reported acute shortages in an Associated Press survey and in all the states that reported they had enough teachers to go around.

The teacher shortage is chronic, not acute. It is qualitative as well as quantitative.

It will get worse, not better.

It will not be ameliorated by sleight-of-hand tricks to conceal it, such as overcrowding classrooms, plastering over the cracks of academic deterioration, or fluffing up phony statistics to hide educational deficiencies.

This is only partly a reflection of the shortage of skilled people generally. It also is the result of a system of qualifying teachers that

has barred hundreds of thousands of would-be—could-be teachers who lacked nominal requirements for certification.

It is as though the business community were hobbled by a requirement that all employees had to be graduates of business schools.

The business community picks employees for ability to do what is required, not for time invested in formal training. It jumps at a chance to hire business-school graduates, but it jumps at a chance to hire all other applicants who show promise.

As a matter of actual fact, without wanting to admit it for what it is, this is what schools are doing — taking applicants with no formal training and hoping they will be able to do the work.

Bullet-Biting In Britain

When the British Trades Union Congress meets next week, American unionists will be watching. So will their critics.

The unionists' overseas cousins are biting the bullet of government responsibility for the United Kingdom. Their own Labor government has put on a wage-price freeze—six months of no increases at all, followed by another six months of restraint.

The Labor party's own prime minister, Harold Wilson, is gambling his and his party's future on doing what President Johnson doesn't even want to talk about doing in the United States.

Britain's economic salvation depends on slowing down an inflationary spiral long enough for productivity to catch up to rising wages and prices. So does the economic salvation of the United States.

A Fed-Up U Thant

U Thant is a believer in Buddhism, which counsels patience and peace. But he finally got fed up.

That's simple English for the 1,000-word statement he issued Thursday to explain why, after five years as secretary - general of the United Nations, he doesn't want to continue in that post after his term is up Nov. 3.

In many ways it is an impossible job, which is what one of his predecessors, Trygve Lie, called it, even though it pays \$65,000 a year.

His statement was a frank and, in part, a bitter complaint that the 117-member organization had fallen far short of the U.N. Charter's opening promise to maintain "peace and security" in the world.

His bluntness was part of his makeup for, as he once explained, although "diplomacy demands honeyed words, I am not a believer in honeyed words."

Yet, Thant, 57, was a bit of a nobody to the rest of the world when he was unanimously chosen U.N. secretary - general in 1961 to succeed the brilliant Dag Hammarskjöld, killed in a plane crash shortly before.

IN HIS NATIVE Burma he had been a school-teacher, a government public relations man, diplomat, a member of the Burmese U.N. delegation in 1952, and finally head of the delegation.

Burma, on Red China's doorstep and caught between the pressures of East and West, tried to be neutral, like Hammarskjöld's Sweden. Thant was neutral, too, but he took this position:

A neutral who truly tried to serve the United Nations should be an active neutral. And he was an outspoken one, a condition which didn't endear him to everyone.

In 1962, when he was trying to get the chaotic Congo reunified, he called the leaders of the

secessionist Katanga Province a "bunch of clowns."

Over the Moscow Radio he told the Russian people they were not being given the full story about the Congo, where Russia was trying to butt in, just as later he said the American people were not being given the "full facts" about Viet Nam.

And, although a majority of the U.N. members, including the United States, so far have opposed letting Red China in, Thant has said that if the Chinese were admitted the United Nations would be in a better position to solve some of its problems, like the war in Viet Nam.

When he became secretary - general in 1961 there was a lot of wondering whether the inconspicuous Thant, who wore subdued, \$150 suits, could fill the shoes of the widely respected Hammarskjöld.

Now many rank him with the Swede in ability and achievement.

HE HAS BEEN credited with laying the groundwork for the cease - fire agreement between India and Pakistan. It was his idea to bring Pope Paul VI to the United Nations in 1965.

He managed to get along better with the Russians than Lie or Hammarskjöld.

They were sore at Lie for condemning the Communist invasion of South Korea and at Hammarskjöld for U.N. intervention in the Congo.

When Hammarskjöld was killed the Russians sought to abolish the secretary - general's job and replace it with a troika, a three-man secretariat. They got nowhere and wound up endorsing Thant for Hammarskjöld's post.

In his statement Thursday, Thant called the world situation "extremely serious" and went on about Viet Nam: "The cruelty of this war, and the suffering it has caused the people of Viet Nam, are a constant reproach to the conscience of humanity."

Sen. Ribicoff's New Crusade

By Raymond Moley

Sen. Abraham Ribicoff and his subcommittee are off on another of what the senator calls his crusades. Sitting at his left — in every sense — is Robert Kennedy, seizing every opportunity to browbeat witnesses. He has his crusade, too, which is to do his best to displace Lyndon B. Johnson's leadership of the national Democratic party.

The two senators collaborated in Ribicoff's 1965-1966 crusade, which was concerned with automotive safety. As in many such investigations, the thrust of the inquiry was diverted from the broader purpose of making highways and automobile driving safer.

The lurid headlines were gained by depicting what happened in the car after the accident, rather than concentrating on the prevention of the accident itself. As a consequence, the whole affair became a virulent attack on the automobile manufacturers.

The legislation that emerged will do little to make driving safer, as will be seen in the next few years when the casualty figures come in.

THE PRESENT CRUSADE, which Ribicoff says will last two years and will get into the record the views of innumerable public officials and experts who know something of city problems, may well serve a useful purpose. That is, it will be useful if the political objectives of Robert Kennedy can be kept to a minimum.

The first question is: "What kind of cities should we have?"

To answer this leads into as large a basket of eels as has ever been handed our governments. It's not one problem; it is a mass of interrelated problems. Collectively, this complex is the greatest issue before this generation of Americans. Since our urban communities are in a profound state of change, it's most difficult to foresee what and how much should be done. More important is the question of who shall do what is needed and how.

It seems to be assumed by the inquisitors that the federal government must bear the main responsibility for urban problems. This was recognized when Congress, under pressure from President Johnson, created a department of Housing and Urban Development. Hardly had Robert C. Weaver, the new cabinet member, been installed when it was recognized that many of the urban problems were scattered in other departments and agencies. Now we hear of still another department, to deal with transportation.

THE FIRST WEEK of Ribicoff hearings was devoted to the testimony of Secretary Weaver, Attorney General Katzenbach, Secretary Gardner of Health, Education and Welfare, and Sargent Shriver who runs various agencies including the poverty outfit.

The outcome was a dreadful display of confusion in the federal bureaucracy itself. Indeed, the complexity of the urban problems seems rivaled by the complexity and confusion of the federal agencies.

No one seemed to know which was doing what. Weaver said the federal government was

spending \$28 billion on urban programs. The next day the attorney general guessed that the figure was \$14 billion.

"We really don't know the answers," Ribicoff concluded after those hearings. The federal government is spending a lot, he recognized. The subcommittee doesn't know how much and the cabinet cannot agree among its own members.

The next week's inquisition yielded little more. Since New York City is the nation's most populous, it was assumed that New York's ebullient new mayor, John V. Lindsay, would have a lot of answers. All he had to offer was the suggestion of federal handouts at the rate of \$5 billion a year or \$50 billion in 10 years. He hadn't much to propose as specifics except such items as air-conditioning the subways and more of everything the city is now getting. He said he wanted New York to be a more "exciting" place to live.

As a resident, I might add that if the place gets more exciting than it is, I will join the parade of New Yorkers who are moving to Connecticut and New Jersey.

Perhaps when Ribicoff gets to real experts on urban affairs he will hear some interesting things. Certainly, no one in Washington has much to offer except more taxpayers' money.

Through The Years

From The Review Files

THIRTY YEARS AGO — Figures showed that August was hotter than July, despite the fact that the district experienced its most protracted heat wave in history during July.

John Neill completed 13 years' service as superintendent of the Columbiana County Home near Lisbon.

Henry McIntyre of Hillcrest concluded a three-week vacation at Hot Springs, Ark.

TWENTY YEARS AGO — Sally McDaniels was elected president of Girl Scout Troop 34 at the Garfield School.

Loren Oliver, junior clerk at the Lisbon Village Hall for eight years, was named chief clerk.

TEN YEARS AGO — Mrs. Samuel Webber was received as a new member of the Tally-Ho Club at the home of Mrs. Raymond Snowden of S. Surry Rd.

Mr. and Mrs. Harry J. Nichols of Miami, Fla., formerly of East Liverpool, visited friends here after an absence of 11 years.

Mrs. Oveta Culp Hobby was the first head of the Department of Health, Education and Welfare. She was sworn in on April 11, 1953.

Gunpowder, first made use of in battle in 1346, remained the most deadly military explosive until 1902 when TNT was introduced.

Southern Local Setup Discussed

EDITOR OF THE REVIEW

I have read many letters from the residents of East Liverpool on the new school sites, the high taxes, the board members and etc.

Now, I would like to tell you how a few of the people in our Southern Local School district feel. We voted for a new consolidated school, which was built between Salineville and Highlandtown on 40 acres of ground. This district includes Franklin, Wayne, Highlandtown, No. 16 and Salineville. We were all very enthused about a new high school, but as taxpayers and parents never once were we asked: What will our football and basketball team be called? What will the colors for our new consolidated school be? We are known as the Southern Local Indians, the school colors are the same as the old Salineville High School used. As you enter this new beautiful high school there implanted in the tile on the floor is the Indian head.

Still the people in Salineville are bitter because the high school was removed from their fair city. Yet when we have levies to be passed Salineville never passes them.

Our own No. 16 school will be closed when it rains since we need a new \$16,000 roof. Salineville grade school also needs a new roof and Franklin school is in very poor shape. At our last board meeting, our own board members voted to give a bid for bus insurance to a Salineville resident even though the bid was \$600 a year more. In November, we are again asked to pass a new levy so that our schools can be repaired. I wonder if the board members realize what they have done? Would they spend their own money so foolishly? I don't think so.

In closing, Salineville people, you had better get out and vote. I personally feel you have received much more than the average person who lives in the outlying district and pays taxes also to keep our new consolidated school in operation.

School Passes Are Questioned

EDITOR OF THE REVIEW

We are writing — at least 100 of us—about our children paying for school passes.

It costs some of us as much as \$4 a week for three passes and lunch.

But there are some people who can't afford even one pass and the books they have to have. Also, if the price is 75 cents now, maybe in a year or two it will be \$1 or more a week.

What about the parents who have one or more who have to ride school buses. Of course, education is a necessity and we want the best for our children.

But most of us pay so many taxes now that we are just getting by. No wonder so many people are leaving East Liverpool and going elsewhere.

(The above letter is signed by 100 residents of a small section of Pleasant Heights.)

Why So Little Aid? Reader Asks

EDITOR OF THE REVIEW

I would like to know what has happened to justice. My husband is 73 years old and a diabetic. He has to take insulin shots daily.

We signed away our property and home to receive medical care through Aid for the Aged. Last week he was cut off of assistance. I have arthritis and for the last three years have had to go to the doctor's office each week for treatment in order to be able to walk. In addition I have to take pain capsules all the time.

I have been receiving medical help from aid for dependent children. I was notified I would be cut off also. Why? Because we are getting too much Social Security benefits. Our Social Security amounts to \$130 a month.

After we pay our gas, electric, water, telephone, insurance and buy food and clothing, what is there left? We also have a 16-year-old daughter to send to high school. She has to pay 75 cents a week bus fare and either buy or take her lunch.

Will someone tell me how we can afford to buy medicine? In most places they are raising the pensions, but here they are cutting them off. Why? To put a feather in the caseworkers' cap or because they don't want to see the poor devil get along?

At different times when I have told people of the amount we receive they think I surely must be mistaken. They can't believe we live on such a small amount. They say there are agencies to help people like us. Yet the agencies say we receive too much. Is it wrong to want to live like humans instead of animals?

Odd Facts

It is generally conceded that soap was invented shortly before A. D. 500, probably in what is now Germany. Most people at that time did not quite know what to do with it. The upper classes used it as a cosmetic, while farmers used it as a lubricant for their carts and windmills.

The first vice president of the U. S. to become president automatically upon the death of his predecessor was John Tyler, who took office in April 1841 after the passing of William Henry Harrison.

Americans apparently have more trouble sleeping than any others in the world. According to one recent survey, close to 50 per cent of adult Americans are troubled with insomnia.

Three Named Trustees For County TB Clinic

LISBON—Columbiana County commissioners Thursday appointed three trustees to manage the county tuberculosis control clinic. They are:

Felix P. Butch, Lisbon pharmacist and former member of the County Board of Health, named to a three-year term;

Dr. Fred Crowgey, retired Salem surgeon now serving as Salem health commissioner and a Waterford Park physician, two-year term; and

James R. Sigler of Meadowbrook Circle, Calcutta Acres, East Liverpool, funeral director and embalmer at the Dawson Funeral Home, East Liverpool, one-year term.

The new board's authority began yesterday. Trustees receive no salary.

A board of trustees was appointed eight years ago to administer the clinic. It served

two years and was dissolved by the county commissioners, who returned control to the County Board of Health.

The latest request for a clinic board was made by the Board of Health at its August meeting and followed by one month an attorney general's opinion that a county health commissioner may not serve as a county TB clinic physician so long as the clinic is under Board of Health Control.

Dr. F. G. Kravec, Youngstown chest specialist, has been county TB clinic director since prior to the former board of trustees. He visits the clinic every Thursday.

The County Health Department, headed by Dr. M. K. Singer of Lisbon, county health commissioner, and the TB clinic have adjoining offices on the third floor of the Courthouse.

Ohioville Names Dunlap As Auxiliary Policeman

James Dunlap of Meadowbrook Estates was appointed a member of the Ohioville Borough auxiliary police force when the Council met Thursday night. His appointment brings the auxiliary force to 10.

In appointing Dunlap, Council acted upon the recommendations of Police Chief Bernard Zlatovich and Mayor Elmer R. Gifford.

The road committee will appoint a full-time road foreman at the suggestion of Councilman Michael Hohann.

The secretary was instructed to write the state highway department at Pittsburgh requesting a traffic count for reduced speed limits on the road from Pillar's Corners to the Industry Borough Line, and from the intersection of Fairview Rd. to the Ohioville-Tuscarawas Rd. Ext.

Council voted to continue the campaign against garbage ordinance violators and warned of the prosecution of unauthorized persons dumping garbage or rubbish on the Cow Hollow Dump or on any of the borough roads.

Gifford reported the police investigated 30 complaints during August. There were no arrests.

George Daniels Jr., chairman of the building committee, reported a coat of hot asphalt has been applied to the roof of the borough building at a cost of \$145 by the R. A. Clouse Roofing Co. of Beaver.

F. Paul Dawson presided during the meeting, at which bills totaling \$2,048 were approved for payment.

The next regular meeting will be Oct. 6 at 8 p. m.

Canal Advanced By House Group

WASHINGTON (Special) — The House public works appropriations subcommittee has approved \$500,000 to start surveys for an Ohio River-Lake Erie canal through Youngstown.

If this legislation is enacted, the canal could be on its way to construction. The "survey" contemplated in this measure is not a preliminary study of feasibility, but an actual reconstruction survey of the route.

Thus Congressman Michael J. Kirwan, D-Youngstown, appropriations subcommittee chairman, has so far been victorious over the Pennsylvania delegation which is almost unanimous against construction of this canal.

Action of the subcommittee has not been officially published. But congressmen close to the scene report "Kirwan got what he wanted."

At his request, reportedly, the full committee will not act on this bill until Sept. 16. The delay, Kirwan allegedly hopes, will give the Board of Review for Rivers and Harbors of the Army Engineer Corps a chance to vote approval of the canal on feasibility grounds.

740 Strike 3 Western Pennsylvania Firms

PITTSBURGH (AP) — Some 740 union members have struck three companies in Western Pennsylvania after negotiations for new contracts fell through.

The workers walked off the job Thursday.

Some 340 United Steel Workers struck the Hillman Barge Co. at Brownsville, Fayette County; 300 United Auto Workers left their jobs at the Vulcan Coal & Iron Co. at Latrobe, Westmoreland County; and 100 UAW Workers walked out at the Pennsylvania Engineering Co., New Castle.

Dies At Age 90

HELENA, Mont. (AP) — Mrs. Ellen Badger Callaway, 90, mother of Lew L. Callaway Jr., publisher of Newsweek magazine in New York City, died Wednesday. She was the widow of Lew L. Callaway, former chief justice of the Montana Supreme Court.

Chamber Issues Notices For Fall Cabinet Meeting

The Chamber of Commerce has issued notices for its fall cabinet meeting — a joint session of the Board of Trustees and committee chairmen — which will be held Tuesday, Sept. 13, at the Travelers Hotel.

The business session will follow at 6 p. m. "dutch treat" dinner. Reservations are due at the Chamber office by Friday, Sept. 9.

The meeting will take the place of the regular September meeting of the board. The sessions traditionally are held twice yearly to allow the board and the chairmen to look back over the year's accomplishments and plan for the months ahead.

The agenda will include plans for the fall program and a membership drive. Committee chairmen will report briefly on recent accomplishments and plans for the future.

Local Toastmasters Hold Weekly Meeting

Francis House served as toastmaster during the meeting of the Toastmasters Club Wednesday night at the offices of the Ohio Valley Gas Co. on W. 6th St.

The tabletopics master was Norman Bucher. Ed Gray served as chief evaluator. The "bull-thruster" trophy went to Bucher.

Next Wednesday's meeting will have Richard Spahr as toastmaster. Bucher as tabletopics master and Charles Cronin as chief evaluator.

Speech No. 2 will be delivered by Robert Owen. No. 3 by George Patrick May and No. 5 by Don Hancock.

Dr. J. Fraser Jackson will deliver his first speech — the "icebreaker" — at next Wednesday's session.

City Clerk Appointed For East Palestine

EAST PALESTINE — Mayor Robert Harding today announced the appointment of Alfred Gregory, 56, of 443 Alice St. as city clerk, effective Oct. 1. He will succeed Loren Oliver, who will retire after 25 years service. Gregory presently is a meter reader for the city, a post he has held since 1960.

Harding said Oliver's post will be offered first to any present city employee interested. It is not covered by Civil Service. Gregory, a World War II Navy veteran, was among the four receiving top grades in a civil service examination given two weeks ago.

The pay is approximately \$450 per month.

cludes a rider offered by McClellan that would bar the use of funds to buy the F111B, but would not prohibit its continued development.

The proposed modification of the Phantom jet was suggested by the McDonnell Aircraft Co., recent testimony before a Senate Defense Appropriations subcommittee has revealed.

Navy budget director Rear Adm. E. E. Grimm told the subcommittee in July that McDonnell submitted the swinging F4 proposal "on an unsolicited basis."

Grimm said the Navy Air Systems Command is evaluating preliminary information forwarded by McDonnell and should complete the job next month.

Navy officials queried about substituting an F4 alternate for the F111B said there really would be no comparison.

These officials said the F4's engine power would have to be stepped-up and its airframe strengthened at the expense of additional weight — the problem plaguing the F111B.

Midland Scouter Will Be Honored With Eagle Award

Michael A. Brozic, son of Mr. and Mrs. Michael Brozic of 601 Penn Ave., Midland, has qualified for the Eagle Scout award.

He is a member of Explorer Post 482 sponsored by the Crucible Steel Co.

Michael currently is undergoing Marine recruit training at Parris Island, S. C. He will receive the Scout award during a Court of Honor to be held following completion of recruit training.

A 1966 graduate of Lincoln High School, he was a member of the concert choir, was a student band manager and was junior assistant Scoutmaster of Troop 415.

PTA At Midland Selects Officers

Mrs. Ross Hurst was named president of the 7th St. School Parent-Teacher Association when the group met Thursday afternoon at the school.

The vacancy was created by the resignation of Mrs. Dorothy Gula, who had been elected and installed in May.

Mrs. Joseph D'Itri was elected treasurer to fill the vacancy created by the resignation of Mrs. Joseph Yee, who moved with her husband and family to California last week.

Mrs. Jack Balser was elected vice president, filling the vacancy created when Mrs. Hurst was elevated to president.

Other officers are Mrs. Bill Yee, secretary, and Mrs. Angelo Migliore, historian.

Guests introduced included Wilbur P. Dersheimer, superintendent of schools, and Robert Blinn, elementary principal.

Mrs. Balser and Mrs. D'Itri were co-hostesses for a social which followed.

The next regular meeting will be Oct. 6 at 3 p. m. at the school.

Parked Cars Looted On 2 Downtown Lots

Two motorists complained to police early Thursday night their autos were looted of miscellaneous articles when parked on lots at downtown food markets.

George Birch of Laura Ave. said his auto was looted between 7 and 7:30 p. m. while on a lot at the A. & P. Supermarket on Walnut St. He said the thief took two cans of hair spray, a box of geriatric tablets, a pair of girl's shorts and two toy autos. A witness gave him a description of the compact red auto used by the thief and Birch relayed the information to police.

C. V. Hughes of Forsyth Pl. told officers his car was looted about 7:15 while on the lot at the Loblaw, Inc. Market on Bradshaw Ave. The loss included a dark plaid coat with a Shrine button in the lapel and a can of after-shave lotion, he said.

California is the habitat of more species of flowering plants than any other state.

2 Are Appointed To New Positions By Weirton Steel

WEIRTON — Two employees of the employment office of the Weirton Steel Division of the National Steel Corp. have been appointed to new posts, it was announced today by E. A. Ross, vice president - industrial relations.

Paul E. Newbold, who had been supervisor - employment, becomes general supervisor-employment and John A. Madigan, formerly personnel representative-testing, was promoted to the post of supervisor - employment to succeed Newbold.

Their advancements are in line with an organizational change which combines employment with personnel functions as one sub-department in the Industrial Relations Department. James Y. Longacre is director of personnel.

"The combining of the two offices will both increase efficiency in office routine and improve the personnel services available to our employees," Ross said.

Newbold is a resident of 500 Ridge Ave., Toronto, and is a 24-year veteran with Weirton Steel.

Madigan resides at 1525 Roosevelt Ave., Steubenville. He began employment with Weirton Steel May 1, 1959, as an interviewer in the Employment Department.

Delegates Named By Midland USW

Eight of 10 delegates who will represent the Midland local of the United Steel Workers at the 13th constitutional convention in Atlantic City Sept. 19-23 were announced this morning.

Because of a virtual four-way tie, the remaining two will be named later today, Annette Goyak, secretary, announced.

Those already elected are: Frank Poff, 474 votes; Steve Luketich, 452; John Uccellini, 439; Ray Presutti, 423; Henry Paglisotti, 376; Joe Wirag, 373; Tom Gallagher, 354, and Lou Bruno, 337.

There were 52 candidates in Thursday's election for the posts.

Young Motorist Cited In Mishap

An East Palestine girl was cited on two charges following an accident Thursday at 5:35 p. m. at the intersection of County Rd. 443 and Route 14, according to the Ohio Highway Patrol at Lisbon.

Officers said the crash involved cars operated by Mary Ellen Rogers, 15, of 221 Park Ave., East Palestine, and Norman W. Millman, 68, of Detroit, Mich.

The girl was driving east on Route 14 and made a right turn onto County Rd. 443, striking Millman who had halted at the intersection.

She was cited for making an improper turn and driving without an operator's permit.

Cars operated by Leland A. Raley, 46, of New Waterford Rd. 1 and Evan D. Lewis, 64, of Lisbon R.D. 5 figured in an accident at 6:55 a. m. on Route 154, almost six miles east of Lisbon.

Lewis pulled from a private driveway and started driving west. Raley, who came up behind Lewis, went off the highway to avoid a collision and his car overturned. There was no contact between the vehicles, officers said.

Man Given Jail Term In 79-Cent Meat Theft

James J. Hawkins of Morgantown, W. Va., charged with theft of a 79-cent package of lunch meat Wednesday night at Al's Atlantic Service Station on E. 3rd St., was given a 15-day County Jail term Thursday afternoon when he pleaded guilty before Municipal Judge Samuel M. Chertoff.

Hawkins also was fined \$25 and costs on an intoxication charge. Detained by an employee who said she saw Hawkins take the meat, the Morgantown man was taken into custody at 10:41 p. m. by Patrolman Karl W. Samples.

Hawkins originally pleaded not guilty to the shoplifting charge yesterday and his hearing was continued until today. However, he later switched his plea and was sentenced.

Tree Will Honor Memory Of Late Frank C. Wilson

A cedar tree will be planted in the John F. Kennedy Peace Forest in Israel in memory of Frank C. Wilson of Wellsville.

The memorial to the former Columbiana County commissioner who died Aug. 15 was arranged by Mr. and Mrs. Ben Feldman of 3285 St. Clair Ave.

Mrs. Grace Wilson, the widow, received a certificate informing her of the memorial gift to the Jewish National Fund. She sent it to the Courthouse in Lisbon for display on the bulletin board in the commissioner's office.

Peter Pan Customers May Reclaim Clothing

Customers whose clothing was being processed by the defunct Peter Pan dry cleaning company when the firm closed its doors in August may reclaim the garments in Pittsburgh, the Chamber of Commerce here was advised Thursday.

Clothing gathered from more than 100 Peter Pan and allied cleaning stores throughout the area has been cleaned and racked in a storeroom at 200 Saw Mill Run Blvd. (Route 51) in the Overbrook section of Pittsburgh. The firm's local outlet was at 6th St. and St. Clair Ave. The company went into bankruptcy a month ago.

The redemption process was to begin at 1 this afternoon. The center will be open daily from 1 to 9 p. m. until all the clothes are gone. However, it will not be open on Sundays or Labor Day.

Beaver Conservation Office Gets New Head

BEAVER — Don Hartman, a native West Virginian, has been named district representative of the U.S. Soil Conservation Service in Beaver County.

Hartman, who assumed his duties Thursday, succeeds James Johnson, who was transferred to Indiana County last spring.

Hartman had been working in the Washington, D.C., offices of the service and was assigned here on his request to return to field work.

With his arrival, the Lawrence and Beaver County offices were combined, with the main office to be located in the Beaver Post Office. Each county will have a staff representative.

Family Battle

WICHITA, Kan. (AP) — Robert B. Madden has filed for the Democrat nomination for state representative from his area a subject to the primary election in August. His father, Bruce B. Madden, has filed for the same seat subject to the primary—but he has filed on the Republican ticket. Should both win their races in the primary, they will oppose each other in the November general election.

Cited In 2 Cases, Owner Promises Cleanup Of Litter

Fred L. Rayl of 246 W. 4th St., arraigned today before Municipal Judge Samuel M. Chertoff on charges filed by Health Department and Fire Department officials, promised a cleanup of premises at 1457 Bates St., where he was accused of allowing litter to accumulate.

Judge Chertoff continued a hearing until Sept. 13 for Rayl, who was named in affidavits signed by Fire Chief Alfred L. VanDyne and Benjamin P. Weber, a sanitary officer of the Health Department.

VanDyne's affidavit alleges that Rayl failed to comply with an order of a deputy state fire marshal requiring him to tear down the premises or make repairs noted in the order.

Weber's affidavit charges that Rayl "unlawfully caused and allowed offal, filth and other noxious substances to be collected and remain about the premises."

Rayl was granted the continuance after he promised the judge he will clean up the alleged litter and make arrangements for the repairs ordered by the deputy fire marshal.

County Drops 'Retarded' From School Bus Legend

LISBON — The word "retarded" will not be used on two new 16-passenger buses due next week for use of the Columbiana County School for Retarded Children.

County commissioners said they took action on bus lettering Thursday because of several letters opposing use of the word.

The side panels of the buses will be lettered "Columbiana County Special School Buses." Signs on the front and rear will read "Handicapped Children."

On recommendation of Robert Bycroft, county welfare director, commissioners promoted Mrs. Mildred Ashbridge of East Palestine to caseworker III and employed Raymond Apple of Elkton as a custodian at the Retarded School in Elkton. He replaces Charles Pete of Lisbon, who resigned.

Also employed were two new teachers for the Retarded School — Miss Gerry Yarosh of Youngstown and Miss Pauletta Begalla of Salem.

Commissioners appropriated \$57,408 — the balance of funds from the four city relief departments — and placed it in the public assistance fund of the County Welfare Department. Welfare departments in East Liverpool, Salem, Wellsville and East Palestine merged with the county department July 1. They remitted their balances to County Auditor Kenneth Bell.

Commissioners also appropriated \$500 at the request of Floyd Lower, president of the County Regional Planning Commission, to carry on his work the rest of the year.

They approved a resolution accepting the preliminary plan of Columbiana County Water and Sewer District 2 prepared by William E. Quicksall & Associates, New Philadelphia.

Two sets of drawings and plans, each package weighing over 17 pounds, will be mailed

to the State Department of Health and the Department of Housing and Urban Development in Chicago.

Commissioners in March 1965 made application for \$68,000 in federal funds to make the preliminary study of most of the county outside communities with water and sewer service. They had to issue a note to pay Quicksall while the work was progressing. Federal approval of the plans will mean release of the money to reimburse the county.

Ball And Chain

ST. LOUIS, Mo. (AP) — It took help from police and firemen to help a new bridegroom, Thomas McConnell, 22, when a friend handcuffed him to a bowling ball by a chain around the wrist during the wedding reception. Bolt cutters had to be used to free the newlywed.

Beaver Falls Sessions Set

The Union Label and Service Trades Council of Pennsylvania has completed plans for its annual convention Sept. 9-11 at the Broadhead Hotel in Beaver Falls.

Leonard Greco of Beaver Falls, seventh vice president of the International Brotherhood of Operative Pottery, is in charge of arrangements in his role as president of the statewide organization.

He said E. L. Wheatley, the IBOP's international president, will be among the speakers.

Registration of delegates will begin Sept. 9, followed by an "open house" and cocktail hour. The first business session is set Sept. 10, with Greco presiding. Paul Ornburn, representing the Union Label and Service Trades Department of the AFL-CIO, will moderate a panel discussion. Michael Johnson, executive vice president of the AFL-CIO in Pennsylvania, is scheduled to speak.

Another address is scheduled by Victor Mills of Washington, D.C., formerly of Beaver Falls and now the IBOP representative working with the AFL-CIO in Western Pennsylvania. Mills was a member of Local Union 133 of the IBOP at Beaver Falls and an international representative of the union before accepting the AFL-CIO job.

At a banquet the night of Sept. 10, the principal speaker will be Sen. Leonard Staisey, Democratic candidate for Pennsylvania lieutenant governor. Dancing will follow from 9 until 1.

A film will be shown during the Saturday session explaining organized labor's boycott against the Kingsport (Tenn.) Press. It will be screened by Jack Lutz of the AFL-CIO Union Label Department.

The convention will close Sunday with election of officers. IBOP Locals in Falls Creek, New Castle and Canonsburg are expected to send representatives.

Bread From The Actor's Mouth

"My heart retards a little, and my body loses some of its usual vitality, my grip weakens minutely, the breathing becomes more difficult, my mind rebels a trifle, and I rest my perplexed head, and wonder deeply..."

Those words were written last week by comedy character actor Doodles Weaver in a letter to Variety. They describe the traumatic feeling he underwent after reading in that show business paper how the ABC network is importing from its affiliated stations around the country at least 30 assorted executive types to play one-time bit parts in various ABC series.

THE STRATEGEM, as it is called, satisfies the "thespian vanity" of such individuals. And to help "hype" the particular series with the affiliated station, a promotion clip from the film is sent in advance of the episode. Naturally it shows "good old George" or whomever it was acting up a storm in Hollywood. Similar "stratagems" are employed by all networks with TV columnists, who are given parts as bartenders, judges, reporters, etc. in the hope they will mention the series in their "current and choice" listings.

With Labor Day just around the corner, it seemed appropriate to give Doodles Weaver's protestations against this practice a somewhat wider circulation in the hope that the amateurs with the thespian vanity might read it. Many of them probably never realize that the vanity they are satisfying is costing some poor bit player his daily bread.

FOR EXAMPLE, read what Doodles Weaver says on that point. "My wife and two children depend on me in these tax-ridden days for sustenance and happiness which I furnish by acting... doing bit parts, cameos, bartenders, etc., as do many good experienced actor friends."

"We have devoted our entire lives to our industry, and work hard on keeping in shape, learning lines, reading a little something extra into the role, and going out of our way at any time to perform or appear to help publicize some show we are in..."

"With TV in the present 'situation' cast state, where most shows have a regular fine cast," Weaver continues, "it is hard enough for a player to get his one or two days' work; there are very few 'visiting' parts, and almost any one of these can be enacted by 30 or 40 good efficient local Screen Actors Guild members."

SCREEN ACTORS Guild, by the way, says its hands are tied in this matter Weaver raises, and lays the blame on the Taft-Hartley Act which allows any neophyte to "act" in a film for 30 calendar days before having to pay his initiation fee and join the guild. If the neophyte is playing himself, he cannot then perform more than one day consecutively.

Famous personages like ball players, politicians and Billy Graham, for example, have had to join SAG when taking on roles in TV and movies as themselves. Then, however, they also are eligible for such guild benefits as go with such membership—pension fund, medical, etc.

Networks and the producers involved can argue with Weaver and his actor friends that these "promo" parts are created just for these amateur hams, and would not otherwise be cast.

THE FLAW in that specious argument is that if these parts can be manufactured for promotional purposes, why not also for the purpose of spreading a little good will and bread to the community of fine actors whose personalities and techniques frequently hide bad direction and dialogue?

"Too many of my friends," Weaver writes, "have been forced to turn in their SAG cards and resort to real estate, car selling or the like. Without the understanding producers, directors and casting people, I presume I would be lost."

It is no wonder that the Weaver heart "retards a little" and the grip "weakens minutely" when he reads that he may be replaced, not by automation but by promotion.

'Faith' In Open Seas As Squalls Hint New Storm
WASHINGTON (AP) — Hurricane Faith churned across open seas north of Bermuda today while squalls that could become the seventh tropical storm of the season kicked up choppy seas in the southern Atlantic.

The squalls, tagged a tropical depression by the U.S. Weather Bureau, were about 500 miles east of the Barbados in the Leeward Islands and were moving westward at between 15 and 20 miles per hour. Top winds were 35 m.p.h.

Hurricane Faith, the sixth tropical storm of the season, was located about 300 miles north of Bermuda and still packed 110-mile winds near the center, the Weather Bureau said.

Faith is moving toward the northeast at about 16 m.p.h., the Weather Bureau said, and is expected to pick up speed as she reaches the colder waters of the North Atlantic.

No land areas are in the storm's path, but the Weather Bureau warned small craft from Cape Cod to Savannah to exercise caution until rough seas subside. Bermuda clocked gale winds in gusts, but these were expected to diminish later in the day.

Driver Fined After Mishap

James Hoschar, 37, of 934 May St. was fined \$25 and costs today in Municipal Court on charges filed by police following a collision between his auto and a halted taxi Wednesday afternoon on W. 6th St. near Jackson St.

Hoschar pleaded "no contest" before Judge Samuel M. Chertoff to the affidavit signed by Patrolman Karl W. Samples, accusing him of failure to stop in the assured clear distance.

The officer alleged that Hoschar's auto struck the rear of a taxi operated by Edwin A. Carpenter, 70, of E. 6th St., which was halted for a traffic signal. The judge heard testimony from Samples, Hoschar and Carpenter.

Meanwhile, Linwood Wilson of 2100 Crawford Ave. was fined \$25 and costs as a result of another mishap Wednesday afternoon. He pleaded guilty to a charge of failure to stop after an accident and given pertinent information required by law.

Police said Wilson's sedan struck a parked 1965 pickup truck owned by the Hume Co. of 237 W. 8th St. After the collision on W. 8th St., Wilson was pursued and halted at Westgate School, officers said.

Pauline Virginia Riley, 44, of Rankin St., Glenmoor, was fined \$10 and costs when she pleaded guilty to a charge of failure to yield the right-of-way at a stop sign at the junction of State Route 170 and County Rd. 447. She was cited by the Highway Patrol Saturday at 11:30 p.m.

Nellie Crawford Allison of Wellsville R.D. 1 was fined \$10 and costs on a charge of changing traffic lanes without ascertaining that the movement could be made with safety. She pleaded "no contest." She was cited Aug. 25 on Route 7 by the patrol. The judge suspended the fine on payment of costs.

Mrs. Laneve Assumes New Duties With Club

Mrs. Vincent Laneve, vice president of the East Liverpool Junior Women's Club, has assumed her duties as membership chairman of District 10 of the Ohio Federation of Women's Clubs.

As a member of the local organization, she has served on the ways and means and program committees, has handled scheduling for the Cerebral Palsy Nursery, for which the club is responsible, and has assisted in other activities.

She is a member of St. Aloysius Church, a kindergarten teacher at the First Methodist Church, a member of the Auxiliary of City Hospital and has served as a volunteer at the hospital Snack Bar.

She attended the recently-held chairman and president's luncheon of District 10 of the women's clubs at Boardman, being accompanied by Mrs. Tom Grace, president of the local club, and Miss Gladys DeBolt, president of the New Century Club, who is also Inter-American Affairs chairman for District 10.

Mrs. Laneve is married to Vincent Laneve, district foreman of the Ohio Valley Gas Co. They have two daughters, Valli Marie, 12, and Alycia Ann, 5.

College Trustees Set Distribution Of 'Master Plan'
LISBON — Trustees of the proposed Columbiana County Community College are planning wide distribution of the master plan which accompanied their request for a college charter to the Ohio Board of Regents last spring.

Plans were completed Thursday night for the publication of several hundred copies of the plan, which includes an educational needs survey of the county. Trustees hope to have the copies available this month for distribution to civic organizations and others interested.

Lowell Myers, superintendent of Wellsville schools, is project chairman. The county failed to obtain a charter last May when the regents granted a charter to Mahoning County and suggested Columbiana County should be served by the neighboring institution.

Columbiana trustees, however, are continuing their efforts to get a charter for a county college. Don R. Gosney of Columbiana, chairman of the board, presided during the monthly meeting at the Farmers National Bank here.

1,100 Expected At Steubenville

STEUBENVILLE — A student body of approximately 1,100 will begin classes at The College of Steubenville Sept. 15 as the institution prepares to mark its 20th anniversary.

The Rev. Columba J. Devlin, T.O.R., is beginning his second three-year term as president of the college, a period marked by much development and expansion of the hilltop campus.

Nearly completed but not ready for total occupancy until the second semester is a third floor on Egan Hall, which will be utilized mainly as classrooms, faculty offices and seminar rooms. It, however, will house an engineering lab, a psychology lab and audio-visual laboratory.

Other additions to the campus are a new baseball diamond, which will not be used until the springtime, since it has just been seeded. This will provide space in later years for touch football, soccer and softball, in addition to baseball.

A new maintenance building is being erected to the northwest of Egan Hall. Of concrete block and cement construction, it will house all campus trucks, tractors, and maintenance equipment.

Several additions have been made to the curriculum this year, affecting five of the 17 departments.

Ohio leads the nation in harness tracks with 89. Eight are pari-mutuel tracks while the rest are used for county fair meetings.

'School Bus Plan Legal,' Blair Says After Question

Supt. Paul Blair said today that the Board of Education's action relative to the transportation of high school pupils by bus "is entirely legal."

The statement was made after a letter received by Mrs. Lucy B. Cronin of 2117 LaCroft St. concerning the matter was made public.

High school pupils are required to pay for their transportation this year.

Mrs. Cronin sent a letter to Dr. Martin W. Essex, superintendent of the Ohio Department of Education, questioning the legality of the action.

She received a reply this week from Hanford L. Combs, chief of pupil transportation, who said the board may not charge pupils for transportation to and from school on board-owned and operated buses or on buses under contract with the board.

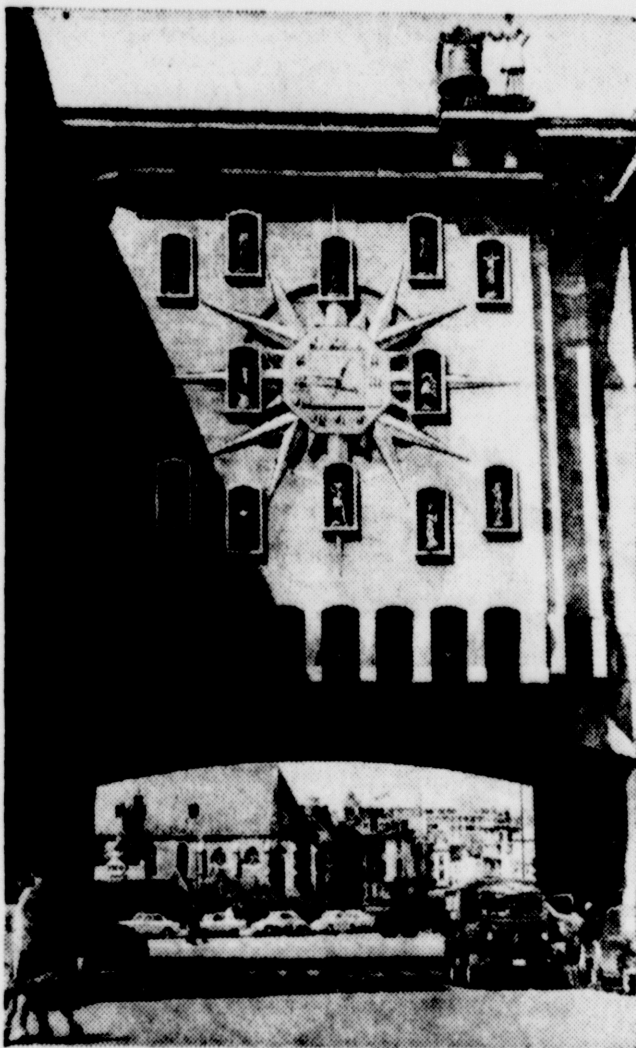

Combs also said it is not mandatory to transport high school pupils, but if the board decides to do so, it cannot make a charge. It is mandatory to transport elementary pupils who reside more than two miles from the school they attend.

Blair explained no charge is being made to pupils who ride board-owned buses. Relative to the Snyder Co. buses, he said the board serves only as a collection agency for the company and that the buses are not under contract to the board. The firm provides the drivers and the contract covers only the service, the superintendent said.

Blair said the action had been checked earlier with Howard T. Short, supervisor of accounting of the transportation division, who confirmed the legality of the action.

2 Motorists Forfeit

SUMMITVILLE — Two motorists forfeited \$10 bonds when they failed to appear Thursday night before Mayor Ernest Phillips. They were Donald G. Kelch, 30, of Carrollton R.D. 4, parking on the highway, and Nick R. Boldi of North Canton, violation of the village solicitation ordinance.

Annual Sale Set Saturday At Wellsville

The second annual sidewalk sale, a special promotion of retail merchants, will be held Saturday in Wellsville.

The sale is being promoted by the Retail Merchants Committee of the Wellsville Chamber of Commerce.

Charles Donaldson, chairman, is in charge of arrangements. Various merchants in the business section have prepared displays of merchandise to be shown on the sidewalks in front of their stores.

The first such sale, held in September last year, was termed a "huge success."

Merchants will offer special values during the promotion.

500 Walk Off Jobs At Firestone Plant

AKRON, Ohio (AP) — Firestone Tire & Rubber Co. was the victim of either a high rate of absenteeism or an unauthorized walkout Thursday.

One report from the company said as many as 500 skilled workers at various units of the Firestone installation had left their jobs without notifying the company and without stating a reason. A spokesman for Local 7, United Rubber Workers, said the employees were urged to return to their jobs.

Duties Resumed By County Judge

LISBON — Judge J. L. MacDonald of Columbiana County Southwest Court returned to the bench Thursday after a three-month absence during removal of cataracts on both eyes.

He said the two operations were successful in restoring vision with the aid of special lenses.

Acting Judge Richard D. Kennedy of Lisbon disposed of three cases Wednesday.

Ralph Groff of Lisbon pleaded guilty to an assault and battery charge filed by his wife, Nancy, and was fined \$25 and costs and sentenced to six months in the County Jail. The court suspended all but 30 days of the jail sentence on condition Groff "is of good behavior."

Fined \$10 and costs each were Elmer W. Ramsey, 26, of Hanover, failure to signal a turn, and Kirby D. Zellers, 19, of Columbiana, speeding.

Frank Joseph, 45, of Beloit pleaded guilty Tuesday to a charge of driving while under the influence of alcohol and was fined \$50 and costs and sentenced to three days in the County Jail.

Kennedy suspended for 30 days the driver's license of John L. Brothers, 18, of East Rochester, cited for drag racing. He also fined him \$10 and costs, but suspended the fine.

Purposely-Set Fire Allowed To Burn Out

LISBON — The volunteer fire department responded to the siren at 9:30 p.m. Thursday when a motorist reported a "big fire" along Route 164, two miles north of here.

Firemen found a large brush fire on the Lou McKenna property, but allowed it to burn, explaining it had been set purposely and was not endangering anything.

Joins In Training

LISBON — Army Pfc. Roger W. Walker, 20, son of Mr. and Mrs. Edward O. Walker of Route 2, is participating in a three-week field training exercise being conducted by the 4th Armored Division at Grafenwohr, Germany. The exercise is scheduled to end Sept. 18.

Walker is a truck driver in Headquarters Company, 2nd Battalion of the division's 51st Infantry near Illesheim.

Alabama Legislature To Act

Wallace Has New Weapon For Defying Integration

MONTGOMERY, Ala. (AP) — Gov. George Wallace, bent on another challenge of U.S. authority, gets a new weapon from the Alabama Legislature today to defy school integration guidelines.

A bill forbidding city and county school boards to make any agreement to comply with the federal guidelines has gone back to the House for concurrence.

The House, where the measure originated, was in recess when the Senate rewrote it in tougher language Wednesday and passed it. Until the House reconvenes today to complete legislative action the bill could not be sent to the governor for his certain signature.

Final passage of the anti-guidelines measure was expected to bring to a close the six-week-old special session called to appropriate additional school funds, with no mention at the outset of the impending new showdown over desegregation.

Still more state funds are appropriated in the new act to reimburse schools for part of the federal money they might lose by refusing to comply with the guidelines.

Wallace, who stood in the doorway of the University of Alabama three years ago in a dramatic but unsuccessful attempt to block the enrollment of two Negro students, chose the federal guidelines for a new confrontation.

The guidelines, which have caused considerable controversy in the South, call for speedier integration of faculties and classrooms with an alternative being a loss of federal funds.

He contended — and the new state act also says — that the integration rules laid down by the Health, Education and Welfare Department violate federal as well as state law and that HEW has no authority to order faculty integration or to assign pupils to correct racial imbalance.

Critics, including Republican Rep. James D. Martin, have warned that the new act will invite a federal court order to integrate all Alabama schools at one time.

Martin is the GOP nominee for governor, running against Wallace's wife, Lurleen, the Democratic candidate.

Kiwanis Club Golf Contests Set Saturday

Final arrangements were made for Saturday's "Hole-In-One" contest when members of the Kiwanis Club held a round-table discussion during Thursday's luncheon meeting at the Travelers Hotel.

The event will be from 8 a.m. until 8 p.m. at the Pugh driving range on the Calcutta-Cannons Mills Rd., with proceeds to be used for the club's community service projects.

A \$250 cash prize will be awarded the person making the first hole-in-one.

First, second and third place prizes also will be presented those nearest the cup in both men's and women's competition.

WOHI Launches Its Move To New 6th St. Structure

Radio station WOHI today began moving its equipment from a Diamond location it has occupied for 17 years, expecting to make its first broadcast Sunday from its new two-story brick and block building at 236 W. 6th St.

Joseph D. Coons, president and general manager, said the station will not interrupt its service during the move. Office furniture will be transferred today. The transmitting equipment will be shifted after the station signs off Saturday midnight.

New master control facilities will be used for the first time when the station signs on at 7:45 a. m. Sunday in the new building. Coons said the new structure and equipment represent an investment of about \$100,000.

Since it went on the air in 1959, WOHI has occupied rooms on the second floor of the Siff Building on the Diamond. Coons said there will be an "open house" at the new location Saturday, Sept. 24.

200 Walk Off Jobs At Sistersville Plant

SISTERSVILLE, W. Va. (AP) — The Union Carbide Corp. plant here became the company's sixth facility in four states to be hit with labor problems as more than 200 employees walked off the job Thursday.

At least 3,500 Union Carbide employees were off the jobs at plants in Alloy, W. Va.; Marietta and Ashtabula, Ohio; Portland, Ore., and East Chicago, Ind. as a result of a contract dispute.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: I made a denim lining with seven pockets for a wicker wastebasket.

Two long pockets hold the knitting needles, one holds two toothbrush containers for crochet hooks and one a ruler.

The others are wide pockets to hold all the accessories that a knitter uses, such as pins, markers, tape measure, etc.

Two pair of scissors hang from a metal hook tied through the wicker with a piece of yarn.

This basket is always near at hand when I'm knitting, keeps everything in one place, and the basket is not out of tune with my living room.

MRS. CHRISTINE STUTZ.

DEAR HELOISE: Did you know that if you roll your car window down a little, the doors will close much easier?

This is because all the later model cars are almost airtight.

MRS. N. HOWARD.

I didn't know it, so I'm glad you told me!

My husband tells me that you are absolutely right — you don't have to tug or push the door nearly as hard if a window is open just a little.

Thanks for clueing us in on a way to prevent unnecessary door slamming.

HELOISE.

DEAR HELOISE: After reading about wetting fingertips before putting nylons on, I thought you might be interested in my way.

I put my nylons on in the bathroom where my hand lotion is handy. I spray a small amount of lotion into my hand, massage it over one foot, working it in particularly around heels and toes. I rub surplus lotion into my hands, put one nylon on and then proceed with the other foot.

Prevents snags and helps keep my feet smooth.

FLOPSY.

DEAR HELOISE: I bought a wire record holder (for the small records) and file my package mixes (gravy, spaghetti sauce, seasoning, etc.), in it.

Mine is gold color and looks nice on the shelf.

A READER.

DEAR HELOISE: When you run out of skinfreshener, reach

for your husband's after shave lotion.

It's an excellent substitute.

E. M. McNULTY.

DEAR HELOISE: I have an old treadle sewing machine that was really showing its age as far as the cabinet was concerned; but the machine still sewed so well I hated to discard it.

I had a piece of plywood cut to fit the top of the machine, covered the top of the plywood with adhesive-backed paper, and then bought some gathered plastic and made a floor length skirt for it.

My old sewing machine now makes a very nice vanity for my bedroom.

The cover is easily removed

when I want to sew, because I left the back of the skirt open.

HOUSEWIFE.

DEAR HELOISE: Usually grapefruit is not flat on the stem end and wobbles in a dish. I trim the end square before cutting it in half, and the grapefruit will sit upright and straight.

A. NON.

DEAR HELOISE: I keep an ordinary soft bristle scrub brush in my car at all times.

There's nothing like it for sweeping out the car interior. It's much more effective than a whisk broom.

Nevada Denies Underworld Getting Gambling Rakeoffs

LAS VEGAS, Nev. (AP) — Nevada has denied, in a report sent to President Johnson, that its casino money is going to the underworld — and has accused the Justice Department of harassment, betrayal and blackmail.

Gov. Grant Sawyer made the accusations after sending President Johnson a copy of a State Gaming Commission report critical of former Atty. Gen. Robert F. Kennedy.

The report, issued Thursday, denied any evidence of underworld rakeoffs or hidden casino interests — but says the state might start watching counting rooms with closed-circuit television.

Sawyer said the Justice Department began an all-out investigation of Nevada casinos under Kennedy.

"Nevada was besieged by an onslaught of federal agencies, some of whom subjected the gaming industry and private citizens to what amounted to harassment," Sawyer said.

"The siege and harassment betrayed a mutual agreement of cooperation between the Justice Department and the state in the fight against the criminal syndicate."

The governor accused the Justice Department of "feeding unprovable and unverified" information to newspapers and magazine and said this "constitutes blackmail."

In New York, Kennedy acknowledged that an investigation of some Las Vegas casinos

was started while he was attorney general. He said it was based upon "reliable information."

"That investigation was continuing when I left the Justice Department in 1964," Kennedy said, "and to the best of my knowledge, is still continuing."

There was no comment from the Justice Department.

The state report, ending the gaming commission's first special investigation of Nevada gambling, declared:

Kennedy's office originally requested that 65 federal agents make a massive raid on Nevada casinos.

But this "unwarranted invasion of state jurisdiction was sidetracked" after Sawyer met with President John F. Kennedy.

Humphrey's Due To Make 5 Stops In Pennsylvania

WASHINGTON (AP) — Vice President Hubert H. Humphrey is scheduled to make five stops in Pennsylvania later this month and in October to boost Democratic campaigning efforts.

He is scheduled to be in Allentown on Sept. 23, in Philadelphia on Oct. 3 where he is to address the International Association of Chiefs of Police, and in Harrisburg either the same day or Oct. 4 to address the annual meeting of the State Chamber of Commerce.

He is also to appear in York and Erie on Oct. 11 in behalf of freshman Congressmen N. Neiman Craley, Jr., and Joseph P. Vigorito.

The vice president's itinerary, which includes stops in New Jersey, was reportedly worked out to avoid any overlapping of scheduling with President Johnson, who is reportedly planning to limit his campaign travels mostly to weekends.

On Saturday, President Johnson is to visit Dallastown, Pa., which is celebrating its 100th birthday anniversary. He is scheduled to speak in Dallastown at 2 p.m.

Jet With 100 Makes Unscheduled Landing

SALINA, Kan. (AP) — An American Airlines jet carrying more than 100 passengers, including bandleader Duke Ellington made an unscheduled landing at Salina Thursday because of a bomb scare.

The plane was en route from Tucson to Chicago when the pilot, Capt. Les Spreen, got a report that a woman passenger was muttering something about

a bomb as they were passing over Garden City, Kan.

Spreen landed at the first long runway available — at Salina Municipal Airport.

The passengers were transferred to another plane.

An Army demolition squad from Ft. Riley, Kan., opened the woman's suitcase and found no explosives.

The woman was held for investigation.

The rabbit has the shortest gestation period in producing its young.

Moore Faces Busy Holiday

Congressman Arch A. Moore Jr., Republican seeking re-election from West Virginia's 1st District, plans a busy weekend of campaigning.

He and Mrs. Moore will kick off the holiday drive tonight at Clarksburg in conjunction with the official opening of the Harrison County GOP headquarters. They will return to Washington tonight.

On Saturday, Rep. Moore is scheduled to accompany President Johnson to the dedication of the Summersville reservoir. He will leave tomorrow at 8:45 a.m. with the President's party from Andrews Air Force base.

Saturday evening, Moore will be the featured speaker at the Ohio County Republican picnic at Oglebay Park, Wheeling.

Sunday he will attend the annual Braxton County homecoming celebration as one of the speakers at Sutton. He and Mrs. Moore then will go on to Weirton for an appearance at the 40th birthday celebration of the order of the AHEPA.

On Monday, the congressman, Mrs. Moore and their family will climax the long weekend by participating in the annual Labor Day celebration and parade in Paden City.

They then will return to Washington for the congressional session on Tuesday.

He served as governor of Rhode Island and as a U.S. senator.

He leaves his widow, Estelle, and a son, David.

McGrath was born in Woonsocket, R.I., and was graduated from Providence College and Boston University Law School.

He served as solicitor for Central Falls, R.I., from 1930 to 1934, then became U.S. district attorney for Rhode Island, resigning in 1940 to accept the Democratic nomination for governor. In the election he defeated Republican Gov. William H. Vanderbilt and was re-elected in 1942 and 1944.

In the middle of his third term as governor he resigned to take an appointment as U.S. solicitor general. In 1946 he ran for the U.S. Senate and led the party ticket. He became national Democratic chairman a year later, retaining his Senate seat.

McGrath maintained a law office in Washington.

Mine Mishap Injures Man

A 31-year-old Lisbon man was in "fair" condition today at City Hospital with a fractured neck vertebra suffered Thursday when his head and shoulder were pinned between a moving motorized mine car and a crossbeam in a Beaver County coal mine.

Floyd Shamp of 133 High St., Lisbon, a motor operator at the Pages Run Mine on the South Side of the Ohio River near Midland, told Patrolman Orlin C. Smith he was injured in a mishap about 10:30 a.m.

Despite the injury, he was driving alone in a pickup truck to seek treatment at the hospital here when he spotted the local officer's cruiser on Myrtle St. in East End. Since his neck and right shoulder were becoming numb, he stopped and asked the officer to drive him the balance of the way to the hospital.

Shamp credited a "hard hat" with saving him from death or serious injury. He said the machinery which he was operating stalled and in the process of attempting to fix it, he stood up in the operator's seat. Then the motor started without warning, jamming his head between the machinery and a crossbeam, he said.

Shamp said he was trapped for a time, but finally freed himself. He reported the accident to a mine official and then got into his truck to drive to City Hospital, he said.

Officer Smith was checking parked cars on Myrtle St. shortly before 11 when the Lisbon man drove up in the truck and asked to be transported the balance of the way to the hospital.

6th St. Incident Involves 2 Cars

An incident Thursday on W. 6th St. involved a parked car and a backing auto, but there was a difference of opinion over the damage which resulted, police reported.

The mishap, timed at 11:45 a.m., involved a parked 1964 four-door sedan owned by Earl H. Ohnezeit, 57, of 1258 Pennsylvania Ave. and another 1964 four-door sedan driven by Dorothy L. Robbins, 47, of Fisher Ave., officers said.

The woman was backing as she prepared to pull out of a parking space and the rear bumper of her auto struck the front bumper of Ohnezeit's car, police said.

There was a "very minor dent" in the grill of Ohnezeit's car and the Robbins car was undamaged, police said. The woman driver said her car did not cause the damage to the Ohnezeit auto, officers reported.

Celina Man Arrested For Fatal Shooting

CELINA, Ohio (AP)—Gunshot wounds were fatal Thursday night at his northern Mercer County home to Paul Herman Sheets, 53, of Rt. 2, Rockford, and the sheriff's department arrested a 30-year-old man.

Donald D. Grogg of Rt. 5, Celina, was held for investigation in the death. The sheriff would release no further information immediately.

Unions To Picket WVU Labor Day

MORGANTOWN (AP)—A demonstration against West Virginia University for holding classes on Labor Day was planned here Thursday night at a meeting of Monongalia County trade unions.

The group said pickets would show up at each of the university's three campuses here, but there was no immediate indication of how many persons might take part.

Miles C. Stanley, president of the West Virginia Labor Federation, AFL-CIO, has said he, too,

would participate in the Morgantown picketing.

The group said in a statement Thursday night that "for a school or business to provide non-essential services on Labor Day is an insult to working men and women."

The group also said plans included picketing the downtown Montgomery Ward store, which plans to hold a holiday sale on Labor Day. A meeting also was planned for Sunday to work out details.

THE EMOTIONS AND DISEASE

Q. The sides of several of my fingers break out and at times itch terribly—especially when I get very nervous or upset. Can the skin be affected by the emotions?

A. Skin disorders are generally caused by chemical, physical, drug, or bacterial effects, nutritional imbalance, or a combination of any of these factors. However, skin specialists agree that emotional problems are very important in the development or prolongation of many skin disorders. In treating patients with skin trouble the doctor may not only ask himself, "What skin disease does the patient have?" but also, "What kind of patient does this skin disease have?"

Q. Can asthma attacks be brought on by emotional upsets?

A. Yes, many people admit freely that their asthma is provoked by emotional upset, and this may be an important factor in many who fail to realize it. It should not be assumed, however, that asthma is "all in the head." It isn't. Once asthma has been firmly established, whether due to emotion, infection, or allergy, active treatment by a physician is a must.

Keep In Trim

By IDA JEAN KAIN

Desperate Dieter Seeks Special Help

The strong feeling of alliance shared by dieters is a great morale booster. A homemaker writes:

Ida Jean Kain

"I have a ring about other overweighters, sharing their trials and triumphs, is almost like being in a club. I really need help now. I recently had an operation on my knee. I have always been overweight, about 20 pounds, but since my knee trouble, I have gained 15 pounds more. The doctor tells me that the one thing that would help my leg the most would be to lose some weight. To reduce now, inactive as I am, seems almost impossible. I weigh 165 pounds and I am only 5' tall. I'm 56 years old. I've been on a 1,000-calorie diet, but haven't lost an ounce in two weeks. Please help, I'm desperate."

PUT NUTRITION science to work. You will lose more weight on the 1,000 calories if you divide your food into three modest meals plus a late afternoon pickup. Dividing your food will keep your metabolism elevated for 12 to 16 hours. Protein foods cause the greatest rise. Include about 70 grams of protein daily and have a high-value protein at each of the three meals. Here is the pattern: Have 4 ounces of lean meat, cooked weight; one egg; one pint of skim milk or buttermilk; one-half cup of cottage cheese or a small serving of

non-fat fish, baked or broiled, or poultry, without skin.

The balance of the menu should include: Two vegetables, one a dark green or yellow; two-thirds cup; a second vegetable, non-starch, one-half cup; two fruits, one a citrus or juice, plus second fruit, unsweetened; one to two slices of bread, one to two teaspoons of margarine and one tablespoon of oil, either used for cooking or for salad dressing. A small serving of cereal or a half of a baked potato can be substituted for one slice of bread. This high protein, highly protective diet is within 1,000 calories.

For trimmings, use dietetic jam, non-nutritive sweeteners, low-calorie salad dressing and diet type soft drinks.

YOU CANNOT take weight-bearing exercises, but you can keep muscles toned with isometric contraction taken while seated. Sit in straight chair, one without arms. Sit with back of hips against chairback. Action: Pull up and in with abdominals and hold the muscle contraction for a slow count of six. Breathe freely. Repeat five times, twice daily.

To slim waist: Stretch arms above head, grasping left wrist with right hand. Pull slim through midsection, then bend sideways to the right, as far as comfortable, and hold. Repeat five times, then to the other side.

If you have the opportunity, exercise in a swimming pool, for this is exercise without weight bearing. We'll all be pulling for you.

Boy Hurt At Play Among 9 Treated At City Hospital

A Wellsville boy injured while playing was admitted to City Hospital, where eight other persons were treated Thursday.

Mark Salsberry, 8, son of Mr. and Mrs. Richard Salsberry of 1710 Maple Ave., Wellsville, was in "satisfactory" condition today with a fractured left leg received when he fell from a ride at the 17th St. playground.

Rick Ice, son of Leslie Ice of 1909 Pennsylvania Ave. Ext., cut his right knee during football practice.

Carris Toothman of 1301 Beechwood Ave. suffered an injury of the right index finger while changing a tire at Al's Atlantic station.

Judith Ann Campbell, daughter of Charles Campbell of 1901 Riverside Ave., cut the bottom of her right foot while swimming.

Mrs. Mildred Wyke of Chester R. D. 1 suffered an electrical burn of the right hand when she plugged in an iron.

Tammy Hebb, daughter of Mrs. Joyce Hebb of 327 W. 9th St., was cut above the left eye

in a fall down basement steps.

Ralph Whittaker of 218 Carolina Ave. cut his finger on a tin can.

Mrs. Pearl Cain of 1075 Claiborne Ave. injured a toe in a fall down three steps.

Charles R. Taylor of 414 2nd St., Chester, cut his ear on a crane while working in Butler, Pa.

Fair Program Given By County 4-H Band

LISBON — The Columbiana County 4-H band played at the Ohio State Fair Sunday under the direction of William Justice of Poland.

The one-hour performance was recorded.

The 45 musicians and five chaperones spent Monday touring the Ohio State University campus, Battelle Planetarium and the Center of Science and Industry. They were told they were the first organized group to see the "Triumph of Man" exhibit brought to the center from the New York World's Fair.

Combined Trash Collection Slated For City Tuesday

Because the incinerator department will suspend work Monday for the Labor Day holiday, the trash collections ordinarily made on Monday will be combined with Tuesday's route for pickup on Tuesday, Sept. 6, John Melvin said today.

The combined collection Tuesday will cover these streets:

Smithfield St., Orchard Grove Ave., Princeton Ave., Columbia Ave., Oliver St., Fairmont St., Highland Colony, Gardendale, Maplewood to the city limits, Park Blvd., Beechwood, Armstrong Ln., Mayberry Ln., Hill Blvd., Manor Ln., Midway Ln., Cain St., St. Clair Ave.

Fairview St., Division St., Hague Ave., Shadyside Ave., Church St., Denver St., Edwards Ave., Park Pl., Jethro, W. 8th St., Ridgeway Ave., Fenton St., Moore St., Claiborne St., May St., Florence St., John St., Burford St., Alton St. and California Hollow.

The balance of next week's collections will follow the usual daily schedules, Melvin said.

Fight Hurts Man; Woman Injured

A 50-year-old Californian was admitted to City Hospital early today with injuries suffered in a fight and a downtown area woman was treated at Osteopathic Hospital after she allegedly was struck by her husband, police reported.

Claude Cecil Johnson, of Van Nuys was in "fair" condition today at City Hospital with a head injury and lacerations of the face which he told Patrolman Jack Strobel were suffered about 1:18 a. m. when he was involved in a fight on Mulberry St. The man said he would not file charges, Strobel reported.

Mrs. Margie Plunkett, 28, of 224 Walnut St. was treated at Osteopathic Hospital about 5:30 p. m. Thursday after complaining to police her husband struck her with his fist. She was taken to the hospital in a cruiser by Patrolman Karl Samples. He said the husband was not present when he arrived and Mrs. Plunkett said he had gone to Chester.

Mother Stabbed To Death; Police Hunt Boy Friend

COLUMBUS, Ohio (AP)—A 36-year-old mother was stabbed to death in her apartment here early today and police launched an immediate search for a 24-year-old man described as her boy friend.

Dead of more than 20 stab

wounds was Mrs. Jane Wittington of Columbus' north side, Deputy Coroner Dr. William Adrian reported.

He said the woman was slain while her children, aged 3 and 5, slept. The door to the apartment had been broken down.

A first-degree murder charge was filed against William Bohan no known address, and a warrant was issued for his arrest.

Rebuilding Season Scheduled For Beaver Local Gridders

By BOB DUFFY
Review Sports Editor

Maybe it was because his team didn't perform so well in a scrimmage earlier in the day but at any rate Don Ross, starting his second year at Beaver Local High School, didn't paint a bright picture for the 1966 campaign recently.

Ross has several reasons why he can't be optimistic and one is the fact that the Beavers, through graduation, lost their entire offensive line with the exception of Don Sowards, a 190-pound center.

The Beaver Local mentor can only launch a rebuilding campaign after finishing with a 4-6 mark during the 1965 season.

"LOSING our forward wall and having a backfield without Larry Roberts is our prime concern," Ross said. Roberts shared the district scoring championship last season.

With inexperience marking the 1966 squad, Ross shows eleven players who saw enough varsity time to win letters last season but will be depending heavily on candidates up from last year's reserve team plus a few sophomores who are battling for starting positions.

Ross summarized that "they must give that extra to make them a winner but they're not giving that 100 per cent effort."

AS ROSS attempts to replace

10 offensive regulars from last season, he has in addition to Sowards, Alan Moore, a 185-pound senior tackle who lettered along with Bruce Karger, 160-pound senior guard. Both Moore and Karger earned their varsity spurs playing strictly defense last season.

Other lettermen in the front line are Bill Cole, 165-pound junior end, Jim Burcham, 165-pound junior linebacker and Harry Matheny, 150-pound senior guard.

With some big shoes to fill in the backfield with the loss of Roberts, Ross will attempt to build around Dennis Klembara, a 165-pound junior quarterback, who was a starter last season as

★ ★ ★ ★ ★

Ross Points To Heavy Losses In Linemen, Inexperience

★ ★ ★ ★ ★

a sophomore. Ross feels Klembara "needs improvement" at this stage.

ANDERSON backfield regular a year ago was Rich Dunn, 140-pound senior halfback. Dunn and Klembara are the only two backs that saw much offensive duty last season.

while a sophomore Danny Myers, a 150-pounder, has drawn praise from the coaching staff and appears to have won a starting offensive end berth.

THE TACKLE spots will be handled by Moore and Mike McKenzie, a 165-pound junior, while Matheny and Karger will be at guards and Sowards at center.

There are several wide open battles under way for halfback berths. In addition to Dunn at one halfback, Paul Brown, 145-pound junior has been running well, along with Ken Burlingame, 150-pound junior, and sophomores Lou Brown (140) and Ron Downard (145).

The fullback spot is a tossup as of now with Andy Hall, the only letterman at this spot drawing stiff competition from Jerry McBurney, 135-pound senior and Tom Poss, a 140-pound senior.

SENIORS Dave McDonald (165) and Larry Vincent (150) have been impressive at defensive ends, Ross pointed out.

While Ross looks for all opponents to be tough this season, he singled out Columbiana, Toronto, Oak Glen and Wellsville as formidable opponents. He was especially impressed with the report of the size of the Toronto squad which boasts a big forward wall.

Ross has several new assistants this season including Dick Bryan, line coach, who was an aide at East Liverpool last season. Another new assistant is Paul Jackson, a former Potter griddier. Returning are Dick Parsons, Jim Agich and Larry Knight.

The 1966 schedule follows:

Sept. 10 Columbiana	home
Sept. 16 Leetonia	away
Sept. 24 Springfield (Jeff. Co.)	home
Sept. 30 Jefferson Union	away
Oct. 8 United	home
Oct. 15 East Palestine	home
Oct. 22 Oak Glen	home
Oct. 28 Southern	away
Nov. 5 Toronto	home
Nov. 12 Wellsville	away

The Sports Bench

By BOB DUFFY
Review Sports Editor

Local Schools? Investigation . . .

Officials from three area high schools have expressed dissatisfaction with the Ohio High School Athletic Association over the manner in which the recent investigation of athletics at East Liverpool High School was handled.

They have requested that the letter which they sent to Paul E. Landis, commissioner of the association, be published in this column. It follows:

"The athletic associations of the undersigned school districts read with interest about the investigation of Commissioner Paul E. Landis and Assistant Commissioner Harold A. Meyer, which revealed no infraction of any rules by the East Liverpool High School football team.

"According to the paper, the investigation was a short meeting between the two commissioners and East Liverpool's superintendent, assistant superintendent and the head football coach.

In the East Liverpool Review on Wednesday August 10, page 28 (copy enclosed) in "The Sports Bench" by Bob Duffy, it states that the superintendent of East Liverpool schools had a notarized letter signed by a member of the 1965 Potter football team stating that under the direction of McNea the team practiced during the spring of 1965 at Westgate School, using football equipment, and in the summer at a Lisbon area farm before the official starting date as allowed by the OHSAA.

If the Ohio Athletic Association is to continue to function effectively, and if high schools throughout Ohio are to maintain and obey the rules and regulations set forth by the association, then when this notarized letter was shown to you how could you condone the activities of the East Liverpool High School football team during the past school year? We therefore are requesting that the Ohio High School Association make a thorough investigation of the East Liverpool football team activities of last year. May we suggest that you interview East Liverpool football team members, former coaches, teachers, school administrators and the owner of the Lisbon area farm.

In our area of the state, the Ohio High School Athletic Association, as a result of this recent investigation, is nothing more than a "big joke." Please restore the OHSAA to its former prestige by conducting a thorough investigation.

(The above letter was signed by Donald Lowe, faculty manager of Wellsville High School, George J. Kunzler, athletic director of Toronto High School and Bob James, head football coach of Salem High School)

District Gridders At College . . .

SEVERAL FORMER district football stars are candidates for leading college teams which launched practice sessions this week.

Ex-Potter quarterback Bob Maltarich is a member of the Bowling Green varsity, where he is listed as a halfback.

Bruce Burbick, an outstanding linemen for the Potters several seasons ago, is battling for a linebacker spot at Clemson, where he is a sophomore.

Former Potter Mike Snowden will be a candidate for the Dartmouth varsity. The Indians were Ivy League champs last season, finishing with an 9-0 record. They are picked to repeat as league champions.

Midland's Chuck Franzetta is one of six sophomores who may draw a starting assignment at Penn State. Franzetta is an end.

Another Midland star of the past, Mike Krivoschia, is one of 26 lettermen returning to drills at Indiana University. The 215-pounder is a junior and a fullback candidate.

Beman Takes 4-Shot Lead In Amateur

ARDMORE, Pa. (AP) — Dean Beman carried a four-stroke lead into the third round of the National Amateur Golf Championship today but the 28-year-old insurance executive said he doesn't intend to sit on it.

"I'm going to attack this course," he said Thursday after firing a three-under-par 67 over the tricky Merion Golf Club layout for a 36-hole total of 138—only subpar card in the field.

"I'm going to play as if I'm two strokes behind. I don't know how to play any other way."

Closest to Beman, a two-time National Amateur champion, as the final field of 60 left the tees today—were Roger McManus, a 42-year-old rug salesman from Hartsville, Ohio, and Jack W. Lewis Jr., a 19-year-old from Florence, S.C. They had 36-hole totals of 142.

McManus shot a 73 Thursday after twice being on the verge of blowing up. Lewis scored a 69,

and said he was going to have a steak dinner and then get 10 to 12 hours sleep before today's round.

Also still in contention were Ron Schmiedemann, a Kansas State student, 43-year-old Bill Campbell of Huntington, W. Va. and Don Allen, Rochester, N.Y., tied at 143.

Oak Glen Launches Local Grid Season

COACH DON ROSS gives a few tips to his backfield candidates during drills at Beaver Local. The lettermen backs include left-to-right, Dennis Klembara, Jeff Hall, Andy Hall, Rich Dunn and Ray Ammon.

Starting Lineup Set For Madonna

Coach Bob Starkey has announced the starting lineup when Oak Glen opens the curtain on the local 1966 football season Saturday night meeting Weirton Madonna at Weir High Stadium.

The Golden Bears also will open defense of its Ohio Valley Athletic Conference crown after walking off with the title last season on the basis of an 8-2 record.

STARKEY has nominated six seniors, four juniors and a sophomore for his opening offensive unit Saturday night and will make five changes defensively.

The lone sophomore starter will be at quarterback where Craig Whittington has won the starting job. Junior Bob Miller will be at one halfback with Rich (Go-Go) Every at the other halfback and Dick Lugano at fullback.

Dan Crago, a junior and John Zielinsky, a senior, have drawn the end posts while Glenn Greathouse and Randy Weyrich will be at tackles.

JUNIOR Rich Bryer has gained the nod at one tackle with Tom Lamb, a senior at the other spot. Jim Stoffer will handle the duties at center.

Defensively, John Ludovici, 195-pound junior will go to a tackle spot while Ron Rayburn will go to guard, Alan Six to end and Dan Staley to linebacker. Don Foltz will move into a defensive halfback spot.

The Golden Bears will be facing a veteran Madonna team that lists 10 lettermen on their offensive starting team.

STARKEY pointed out that the Blue Dons have one of the biggest teams in the area with the front wall supported by tackles Dan Kowalski, 200-pound junior and Ed Fudsieck, a 220-pound senior.

Madonna's regular quarterback Bill Vertar will miss the opener however due to a hand injury which has healed slowly. In his place will be Tom Troia, a 155-pound senior.

THE ONLY member of the starting eleven not listed as a letter winner is Rich Matijevich, 165-pound junior, who has been tabbed as the fastest member of the backfield.

Rounding out the backfield will be Tom Gurrera, 140-pound senior and either Tom Runkel, 170-pound senior or Chuck Ballato, 140-pound senior at fullback.

Pirates Pass Up Chance For Sole Possession Of First

Dodgers Win 4-3; Mets Down Giants

By RON RAPOPORT
Associated Press Sports Writer

Ron Fairly's two-run single in the 10th inning started out as the icing on Los Angeles' cake, but it ended up as the skin of the Dodgers' teeth.

A walk to Jim Gilliam with the bases loaded Thursday broke a 1-1 tie between the Dodgers and Pittsburgh Pirates in the extra frame and when Fairly followed with a single to center, the Dodgers headed into the home half of the inning with what appeared to be a comfortable 4-1 lead. The appearance was deceiving.

Phil Regan replaced Dodger starter Don Sutton on the mound and was rudely greeted by Don Clendenon's single. Bill Mazeroski flew out, but Bob Bailey clubbed one into the seats, making the score 4-3 and Fairly's hit crucial.

Regan finally got Jerry Lynch to fly out and Ron Perranoski lent a hand by getting Manny Mota to ground out.

The Pirates thus passed up a sterling opportunity to take over sole possession of first place in the National League as the New York Mets beat San Francisco 2-1 earlier in the day. The Pirates and Giants remained tied for the top spot and the Dodgers climbed up to within two games of them.

Sutton and Vern Law matched up in a heroic pitchers' battle through the first nine innings. The young Dodger hurler gave up a leadoff walk to Matty Alou and then retired 15 batters in a row before Law himself got the first Pirate hit, a single in the sixth.

Law later scored on a single by Roberto Clemente, his 1,999th career hit. The Dodgers scored in the fourth when Jim Lefebvre tripled to left center, driving in in Gilliam who had walked.

Other games saw Atlanta beat St. Louis 7-4, Chicago club Cincinnati 11-3 and Philadelphia take Houston 3-1.

Lou Johnson started the Dodger 10th with an infield hit and then Law suffered a fatal lapse, walking Jim Barbiere batting for Sutton, and West Parker, loading the bases. Pete Mikkelsen then came in and

Siebert's Mastery Over AL Leaders Works Again

By DICK COUCH
Associated Press Sports Writer

When Sonny Siebert is on the fly the Baby Birds don't get off the ground.

Siebert continued his mastery over Baltimore's young pitching stars Thursday night, firing a five-hitter as the Cleveland Indians whipped the American League leaders 4-1.

The 29-year-old right-hander, author of the only no-hitter in the majors this season, out-pitched rookie ace Jim Palmer for his 15th victory — and fourth in five meetings with the Orioles.

He has beaten Palmer — a 14-game winner himself — two times and also has topped rookie Eddie Watt and second-year man Wally Bunker since losing to Palmer last May 8 in his first start against the Orioles.

But Siebert has been up-and-down against the rest of the

league since June 11, when he flipped his no-hitter against Washington and said: "It's like you're flying, like you're up there in the clouds."

Until Thursday night, Siebert had failed to finish eight straight starts since July 25. He has won his last three decisions, however, and is only one victory short of his 1965 total.

Baltimore's fifth setback in six games, coupled with Detroit's 7-5, 10-inning victory over Chicago, left the Orioles 11 games ahead of the second-place Tigers. The New York Yankees trimmed California 5-2 in the only other game scheduled.

Frank Robinson, who had clipped Siebert for four homers in their last two meetings, drove in the Orioles' run with a third-inning double and also singled, lifting his league-leading batting mark to .320. Otherwise, Siebert

was in command, retiring 19 of the last 21 men he faced.

Norm Cash hit his 26th homer in the 10th inning and Willie Horton followed with his 22nd, lifting the Tigers past Chicago. Reliever John Buzhardt was the victim.

Detroit had tied it 5-5 in the sixth on Jerry Lumpe's double, an infield out and a wild pitch by White Sox starter Joe Horlen.

Jim Northrup also homered for Detroit and Tommie Agee connected for the Sox.

Tom Tresh rapped a two-run homer for New York and the Yankees added three unearned runs with the help of four California errors and a balk by reliever Ramon Lopez.

Rookie Fritz Peterson boosted his pitching record to 11-9 but needed last-out relief help from Dooley Womack after blanking the Angels on four hits through eight innings.

AFL Teams Ready To Launch Season

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — The National Football League still is playing exhibition games but the American Football League gets down to serious work this weekend with a three-game opening program.

In the old days the pro clubs would just be going to training camp on Labor Day. Now they start in early July and keep going until mid-January.

The big game of the opening weekend is Buffalo at San Diego, the two clubs expected to fight it out again for the AFL title.

Sid Gillman is said to have posted in his office a headline from a newspaper after the 1965 title game. It reads: "Kemp, Bills Humble Chargers, 23-0."

If Sid has his way, the Chargers will come out in a vengeful mood. However, San Diego has been hot and cold, as usual, bombing Miami and Boston in exhibitions but losing to Oakland and Kansas City. The John Hadl-Lance Alworth combo is the key.

Buffalo has a 3-1 exhibition record, losing only to the New York Jets last week. Joe Collier, successor to Lou Saban, is anxious to get off on the right foot.

The opening program has one game each on Friday night, Saturday night and Sunday afternoon. New York, Boston and Kansas City have byes.

The National Football League does not open until next weekend.

Dolphins are still struggling to find the answers and are not ready to handle a strong contender like the Raiders. Oakland started to click against Denver last week and should handle Miami, the expansion team, with ease.

Saturday Night

Houston 21, Denver 14 — Although both go into the opener with 1-3 exhibition records, Wally Lemm's "New Era" club at Houston should win. Denver beat Houston twice last year but this is a new season and big Ernie Ladd has joined the Oilers. George Blanda over the best the Broncos can offer.

Sunday Afternoon

San Diego 28, Buffalo 24 — Bills' tough defense let down against Jets last week and can't afford to do any coasting against the Chargers' explosive attack. With the big prize at the end of the season, a game with the NFL champ, both teams should be sharp and ready for this early meeting.

Three former Belmont winners are stallions at Leslie Combs' Spendthrift Farm in Lexington, Ky. They are Nashua, Gallant Fox and Jaipur.

Patterson, Kelly Tie For Honors In Ladies Event

Mrs. Robert Patterson and Mrs. W. R. Kelly finished in a tie for honors in the par-birdie-eagle contest Wednesday at the Country Club.

Mrs. Patterson fired 45-47-92 while Mrs. Kelly scored 46-46-92. Low net went to Mrs. Norm Nicely with 28 points and putting was won by Mrs. J. M. Koos with 30.

Mrs. Okey Ludwig won the second division low gross with 53 while low net and putting went to Mrs. Don Schreckengost with 16 points and 16 puts.

Top U.S. Golfers Hit By Fatigue In Carling

By TOM REEDY
SOUTHPORT, England (AP) — The magic names of golf, including top Americans, stood on the fringe at the halfway mark of the \$200,000 Carling Championship today and voiced almost unanimous fatigue.

plus the Canada Cup and they won't see me for a long time."

Thus Yancey, Nagle and others such as Mike Fetchick of Glen Head, N.Y., who has 143, and Terry Dill of Mule Shoe, Tex., who has 144, are able to catch the big wheels.

The field took off today in the third round over Royal Birkdale's 7,037-yard par 73 course.

Those who seemingly were not tired included Bert Yancey, 28, of Radnor, Pa., who led at 141, and Kel Nagle, 47, of Australia, one shot behind.

As the field narrowed to the low 75 and ties for the \$35,000 first prize, the mystery was what has happened to Bill Casper, U.S. Open champion, who rated at 147, and Doug Sanders, Ojai, Calif., at 150 along with Gay Brewer, who is among the top six money winners on the U.S. circuit.

"I'm so tired of playing golf I can't hit the greens anymore with a wedge," said Casper.

"I'm really weary," said Sanders.

"I'm dead beat," said Phil Rogers, of LaJolla, Calif., who failed to qualify with 154.

Bruce Devlin of Australia, who shot a solid 73-70 for 143, was even more emphatic.

"I'm sick and tired of hitting a golf ball," he said. "I'm going to play three more tournaments."

Kiwanis Club Sets Hole-In-One Contest Saturday

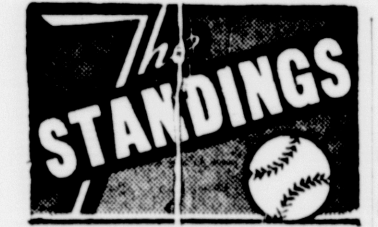

A public hole-in-one contest sponsored by the Kiwanis Club will be staged Saturday from 8 a. m. to 8 p. m. at the Pugh Driving Range in Calcutta.

A prize of \$250 will be awarded for the first hole-in-one while cash prizes will be given to men and women nearest the cup.

Proceeds will go to the club's community service projects and tickets are being sold by members and can be obtained at the driving range. Fred Simmen is chairman with Merrill Hall, ticket chairman.

Seixas, Name From Past, Pulls Upset

FOREST HILLS, N.Y. (AP) — Vic Seixas, a name from the past, brought back memories to tennis fans and took away center court from advancing favorites Thursday in the opening round of the U.S. National Championships.
Top-seeded Manuel Santana of Spain, Cliff Drysdale of South Africa, Arthur Ashe of Richmond, Va., and Tony Roche of Australia all moved along with little trouble, leaving Seixas, a star from yesteryear, to supply the action.
The veteran from Villanova, Pa., who won this title in 1954 and Wimbledon a year earlier, upset Stan Smith, 20-year-old former U.S. National junior king from Los Angeles, 6-3, 6-4, 2-6, 2-6, 6-4.
"No, I didn't think I was sunk when I found myself in a fifth set with Smith," said Seixas, who will be 43 Tuesday. "But I sure as heck tightened up, especially in that final game when I had him on the hook. That's what lack of tournament competition does to you. I never used to play that way. I used to tear after 'em."
Santana, the defending champion and winner at Wimbledon this year, breezed past Fred Berli of Switzerland, 6-1, 6-1, 6-2. Berli was a last-minute substitute for John Sharpe of Canada.
Drysdale, No. 6, who lost in last year's finals to Santana, had little trouble with Tom Gorman of Seattle, Wash., 6-3, 6-3, 6-1.
Ashe, however, encountered some problems. Returning from a 6-month hitch in the Army, The No. 5 seed showed some signs of rustiness before disposing of Lamar Roemer of Houston, 5-13, 6-2, 6-0.
Fourth-ranked Roche eliminated Marcello Lara of Mexico, 6-3, 6-3, 6-4.
Chuck McKinley, of Port Washington, N.Y., like Seixas another former United States star now semi-retired from tennis, defeated Chris Bovett of Australia, 6-4, 6-1, 6-1.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I just read in the paper that the brassiere manufacturers from coast to coast claim their business is booming because of the birth control pill. They say thousands of women have had to go out and buy new undergarments because their dimensions have gotten larger.

Who are these people trying to kid, anyway? I used to wear a size 36B and now I have to buy 38C. I'm not taking birth control pills so that can't be the reason I need a larger brassiere. It's because the automatic washing machines and harsh detergents are shrinking the fabrics.

I know this is true because I weigh myself every three days and, according to my scales, I have not gained an ounce. Also I'm not blind. If I were getting larger I surely would notice it.

So please print my letter and put the facts before the public. Inform these foolish young girls of the truth so they won't start taking those pills just because they think it will give them bigger measurements. Thank you.

—MRS. STRAIGHT FACTS.

Dear Mrs. Straight: My medical consultants tell me that in some instances the pill actually does increase measurements but their increase is usually temporary and not

so widespread that it could create a boom in the brassiere industry.

Very hot water in your machine could be responsible for some of the shrinkage, too. Cool it, Lady.

Unloved Son

Dear Ann: Our middle son (age 17) showed me your column in which you lambasted parents for being super-critical of children. Your words were: "Parents who set impossibly high standards can make children tense and insecure and finally the children may refuse to do anything for fear of failure."

Our middle son is disrespectful, lazy, uncooperative and an inveterate liar. How can parents praise poor grades, unfinished projects and dishonesty?

He says his older brother gets all the breaks and privileges. And he's right. But his older brother has earned the breaks and privileges by being cooperative and trustworthy.

What advice do you have for parents in this impossible position? — WORRIED.

Dear Worried: The child who is least lovable is the one who needs love the most. Extending love to that child requires enormous compassion and patience.

Humphrey And Kennedy Plan Ambitious Drives

WASHINGTON (AP) — The nation gets a chance this fall to compare the stumping styles of Vice President Hubert H. Humphrey and Sen. Robert F. Kennedy.

Both the vice president and the New York Democratic senator plan ambitious campaigning for fellow Democrats in this autumn's congressional election contests.

And they not only will cross each other's trails but may also find themselves standing side by side on some bunting-draped speaker's platform.

In fact, Humphrey told newsmen Thursday he had invited Kennedy to his home state of Minnesota to help Democratic candidates — and that he is going into Kennedy's New York.

Humphrey and Kennedy have been cast as likely rivals for the Democratic presidential nomination in 1972.

With recent public opinion polls indicating Kennedy is more popular with Democrats

Amplifier Shifts Affect Signal On Cable TV Circuit

Customer service was interrupted several times for intervals of 15 to 30 minutes Thursday when a construction crew was relocating amplifier units to correct trouble in electronic components, officials of CATV of the Ohio Valley, Inc., said today.

The interruptions resulted when the amplifiers were removed from the line at one spot and then spliced in at another location, according to John Hales, systems manager for the cable TV firm. The construction firm is Systems Construction Co. of Hoboken, N. J.

Hales said the periodic interruptions were noted throughout the city, but Pleasant Heights was affected less seriously than the other areas. He said the company's downtown office received 300 telephone calls from patrons asking the reasons for the brief interruptions.

There also were interruptions in service earlier in the week, but they were very brief, lasting only a few moments, Hales said. Hales said picture quality will be improved when the work is finished.

He also announced that the cable system is carrying Channel 9 at Steubenville on the Channel 8 spot on its wires to eliminate a problem with "ghosts" on the image.

Lynda Bird Used To Being Mistaken For Sister Luci

WASHINGTON (AP) — The dark-haired girl with Johnson features appeared not to notice, but she turned and walked away briskly after a bystander exclaimed "Hey! There's Luci!"

Lynda Bird Johnson is used to mistaken identity.

Time and time again she is confused with her sister, Luci, now Mrs. Patrick J. Nugent.

At Thursday's wedding of Margaret McNamara, daughter of the secretary of defense and Mrs. Robert S. McNamara, and Barry E. Carter, some 100 bystanders gathered with cameras outside the Washington Cathedral.

A presidential limousine drove up to a side entrance.

"Look, there's the President and Lady Bird!" exclaimed one. "Who's that beautiful girl with

Few recognize Lynda without her parents.

The two daughters of President and Mrs. Johnson don't look alike, except that both have dark hair and creamy complexions. Of the two, Lynda is six inches taller, more reserved and inclined to stand and smile rather than talk.

Lynda has blossomed in the past year. At 22, she has a new trim figure, new hairstyles, a new sophistication.

When she appears in public, comments inevitable range from: "She's so skinny!" to "She's beautiful! Is that really Lynda Bird?"

Lynda doesn't appreciate her mistaken identity.

At the beauty parlor, she keeps her eyes straight ahead and is all business if an operator calls her "Miss Luci" instead of "Miss Lynda."

During Luci's wedding rehearsal, 600 persons gathered to greet the bride-to-be as she arrived at the church. Lynda came first. The crowd pushed forward applauding. There were shouts of "Congratulations!" and "We'll pray for you!"

Lynda took a deep breath. Hurt did not show. Finally with a wave of her hand, she called to one group:

"Thank you. I'm not Luci. I'm Lynda. And I need your wishes more than she."

Man, 50, Captured After Robbing Bank

CINCINNATI (AP)—A branch bank was robbed of \$9,700, but the alleged holdup man didn't get far. He was captured after a wild chase through a shopping center.

Police said Kenneth Abbott, 50, of Brecksville, was cornered by officers in a parking lot shortly after a branch of the Fifth Third Union Trust Co. was robbed Thursday. He was charged with malicious entry of a financial institution.

Firm Charges Union With Unfair Practice

CHILLICOTHE, Ohio (AP)—The Mead Corp., alleging that the union failed to sign a new contract recently ratified by less than 100 votes, has filed charges against Local 731, International Brotherhood of Pulp, Sulphite and Papermakers.

The charge, filed with the National Labor Relations Board in Cincinnati Thursday, says the union's action constitutes an unfair labor practice. A union spokesman said earlier a new vote would be taken on the contract.

Ohio 5-Day Forecast

Temperatures Saturday through Wednesday will average near normal east, five degrees below normal west. Representative normal highs and lows: Cleveland 77-56, Cincinnati 83-61, Columbus 81-57. Showers averaging around a half inch and cooler weather expected about first of next week.

TRIPLE FEATURE 3¢

That's just about what it costs for the electric power to operate your television set through a Tuesday, Thursday and Saturday Night At The Movies.

Nothing you can buy gives you more value per dollar than your electric service.
